Hi, everyone!

Welcome to another fun-packed issue of Mickey and friends! Did you know that in May 1927 pilot Charles Lindbergh completed the world's first solo transatlantic flight? He had no parachute or radio, and he took the windows out of the plane to make it weigh less! If you think that's amazing, how about Aladdin - he only has a magic carpet! Enjoy this issue!

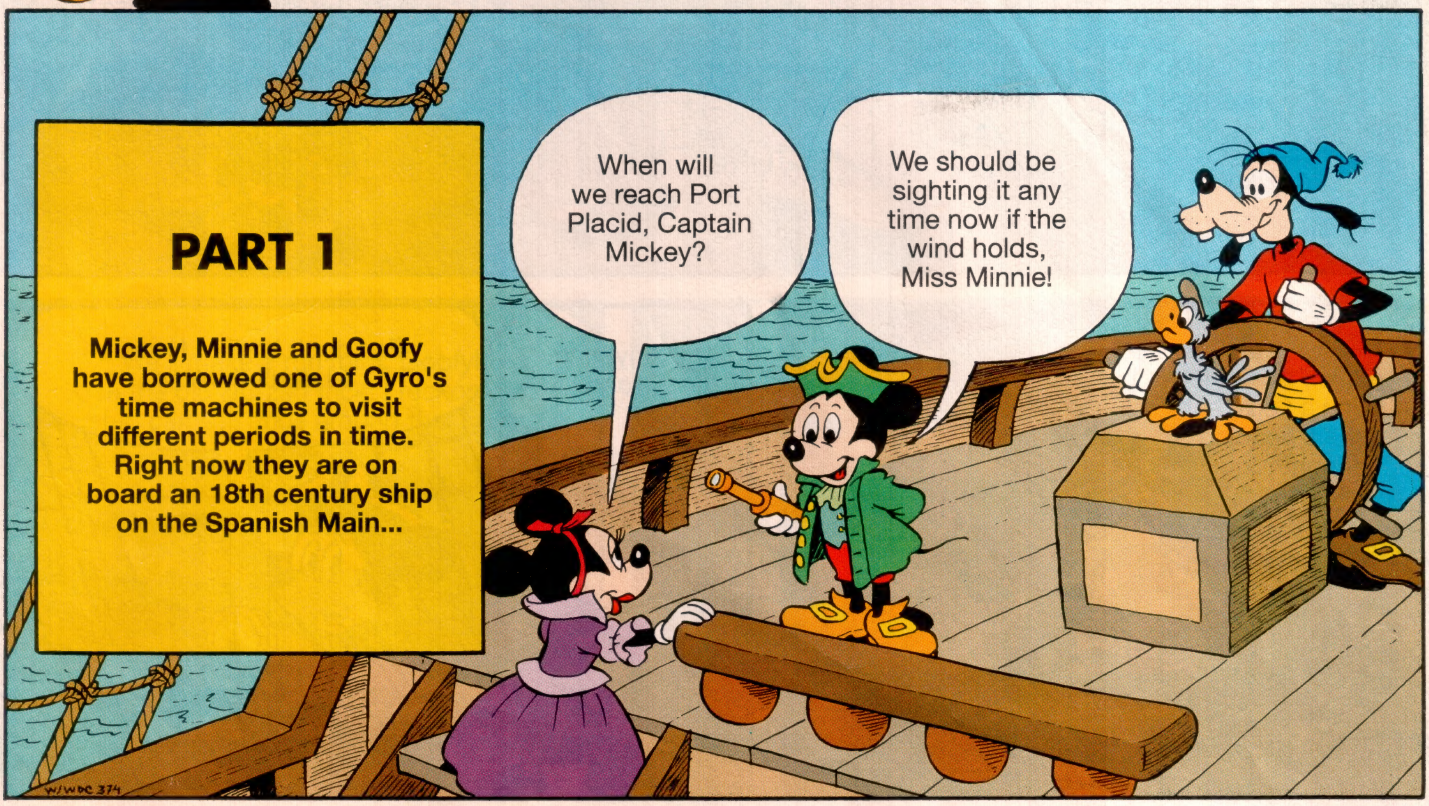
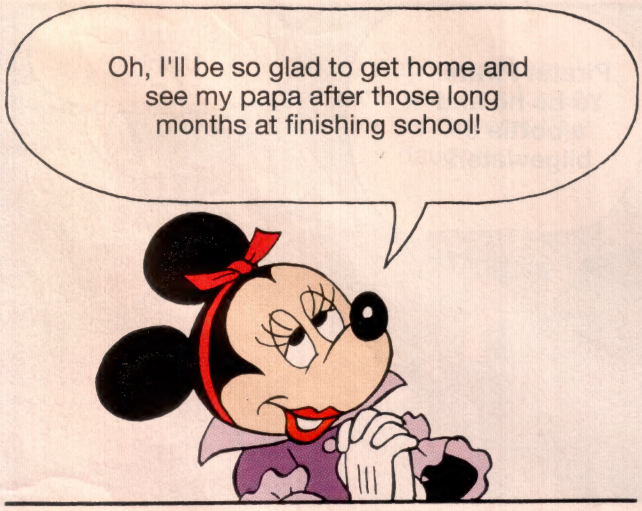
MICKEY MOUSE

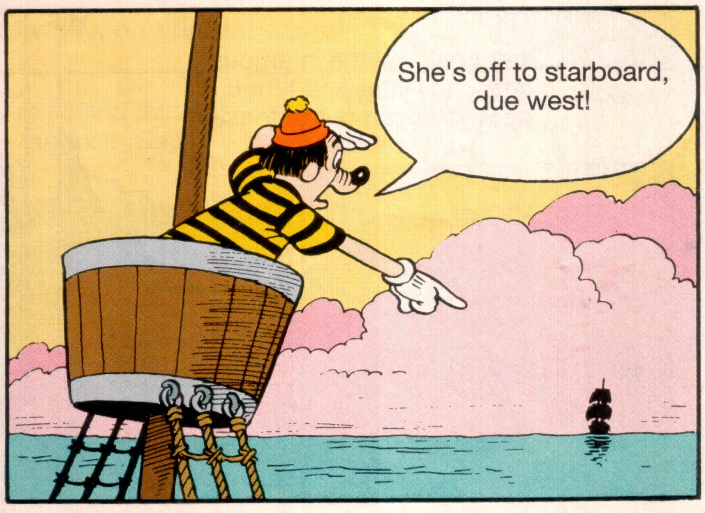
The Pirates Of Port Placid

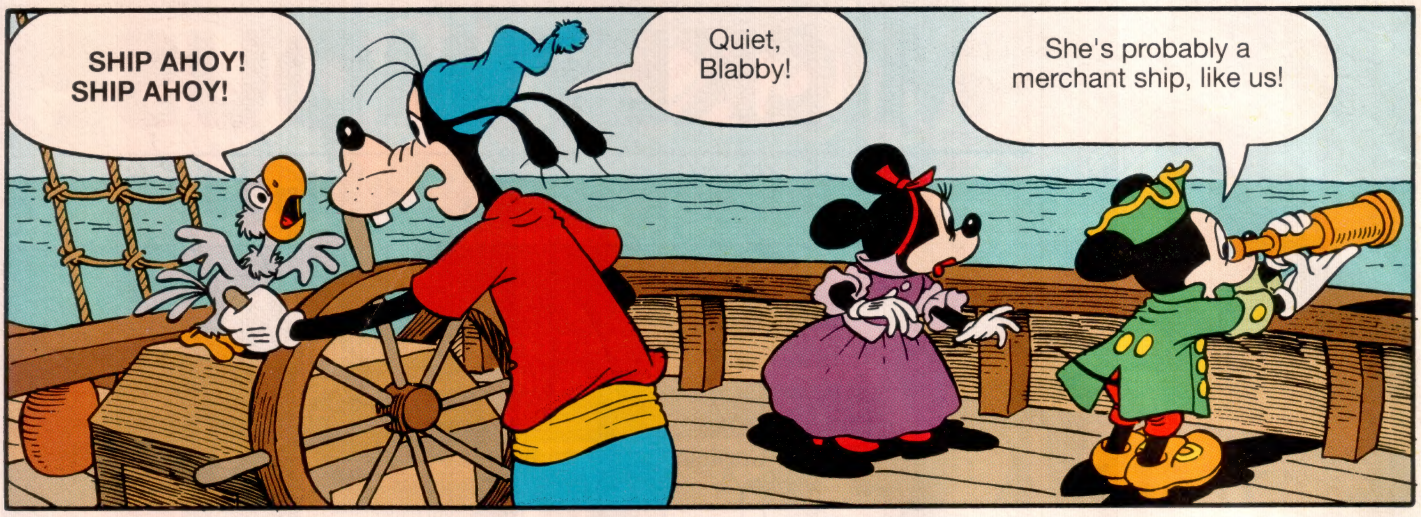


PART 1
Mickey, Minnie and Goofy have borrowed one of Gyro's time machines to visit different periods in time. Right now they are on board an 18th century ship on the Spanish Main...
When will we reach Port Placid, Captain Mickey?
We should be sighting it any time now if the wind holds, Miss Minnie!
W/WDC 374

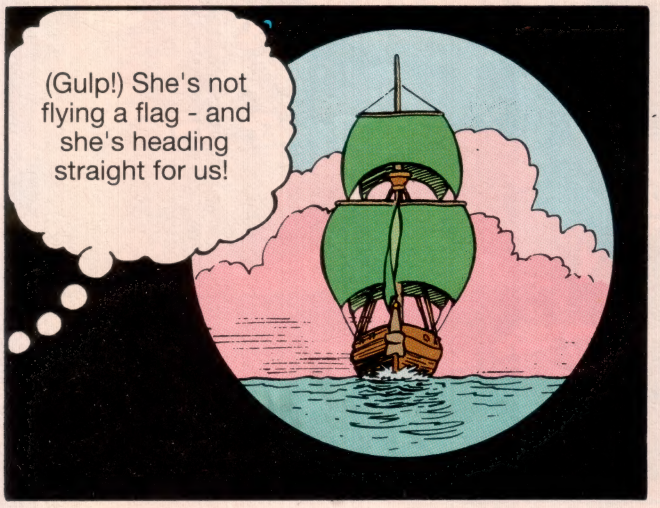


I bet! And I'm proud to have the daughter of the Governor of Jomoko on board my ship on its maiden voyage!
And I'm glad to be with you!

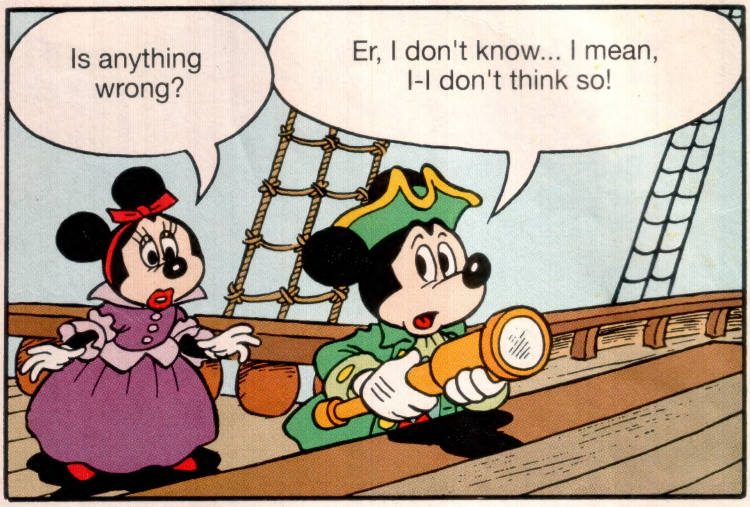




SHIP AHOY!
SHIP AHOY!
Quiet, Blabby!
She's probably a merchant ship, like us!

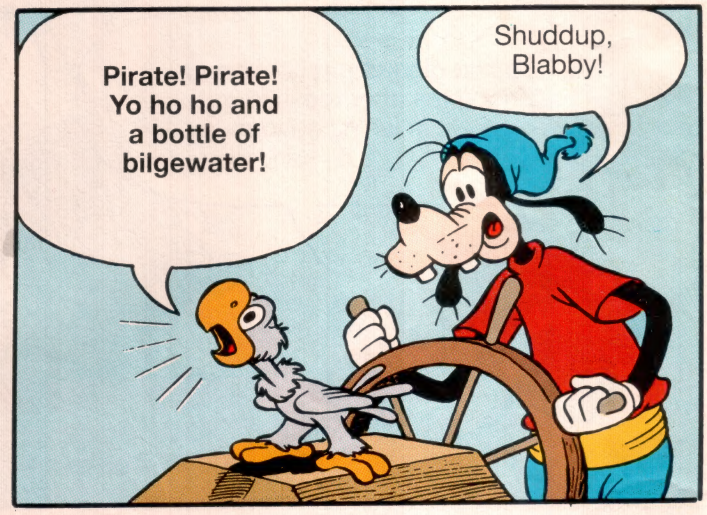


(Gulp!) She's not flying a flag - and she's heading straight for us!



Is anything wrong?
Er, I don't know... I mean, I-I don't think so!

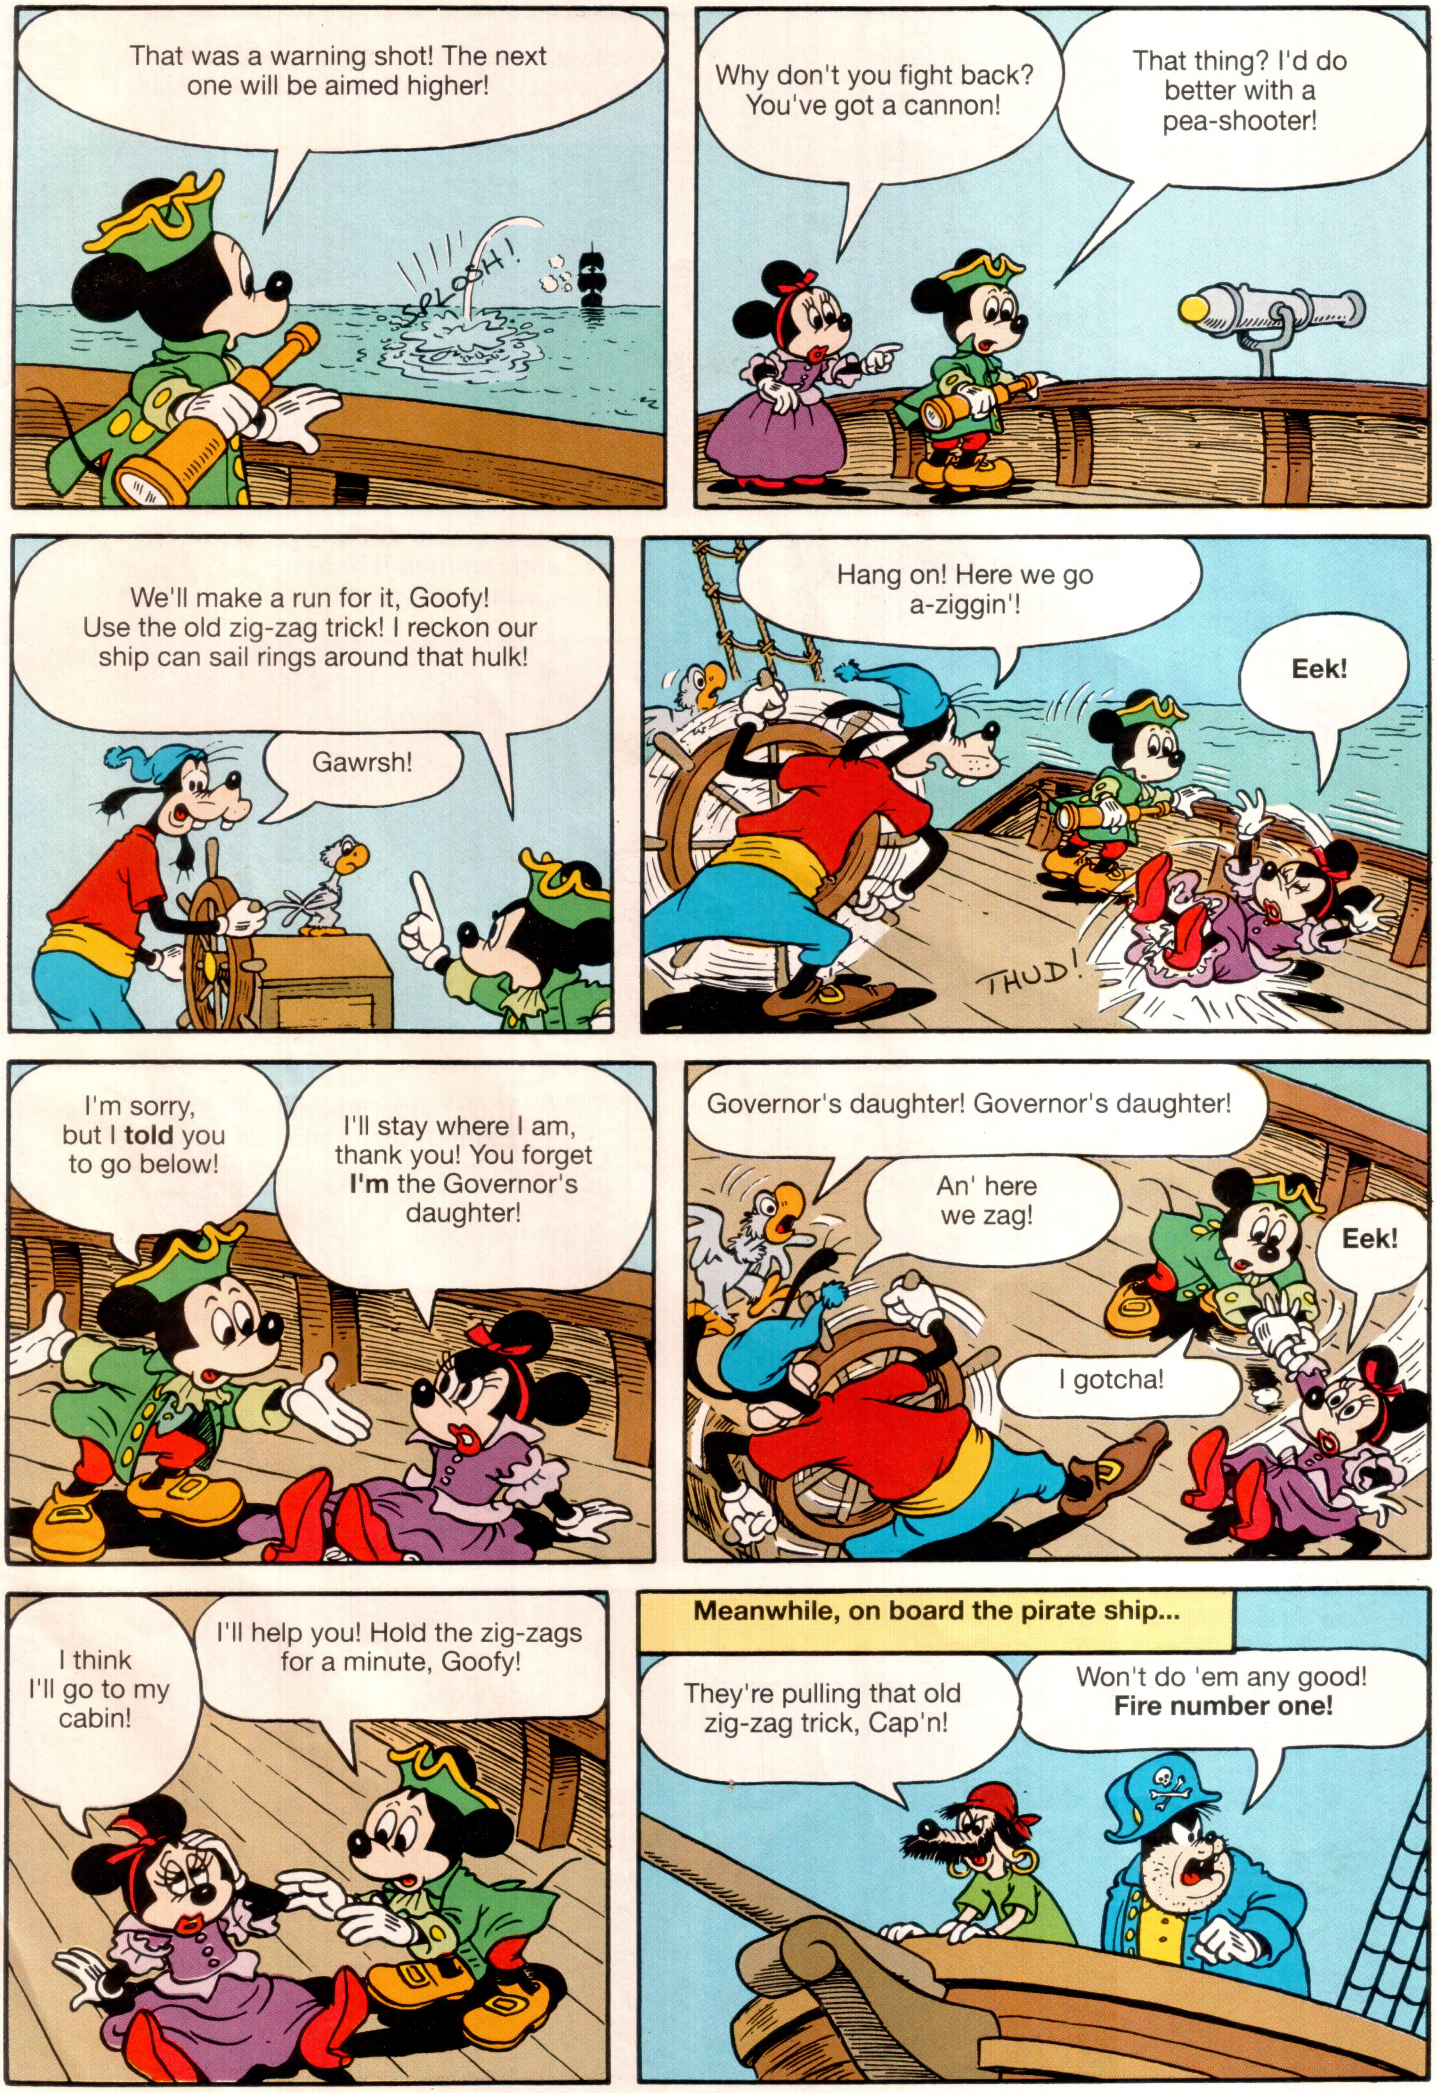
Er... maybe you should go below, Miss Minnie!
I knew it! There **is** something wrong! Is that a **pirate** ship?



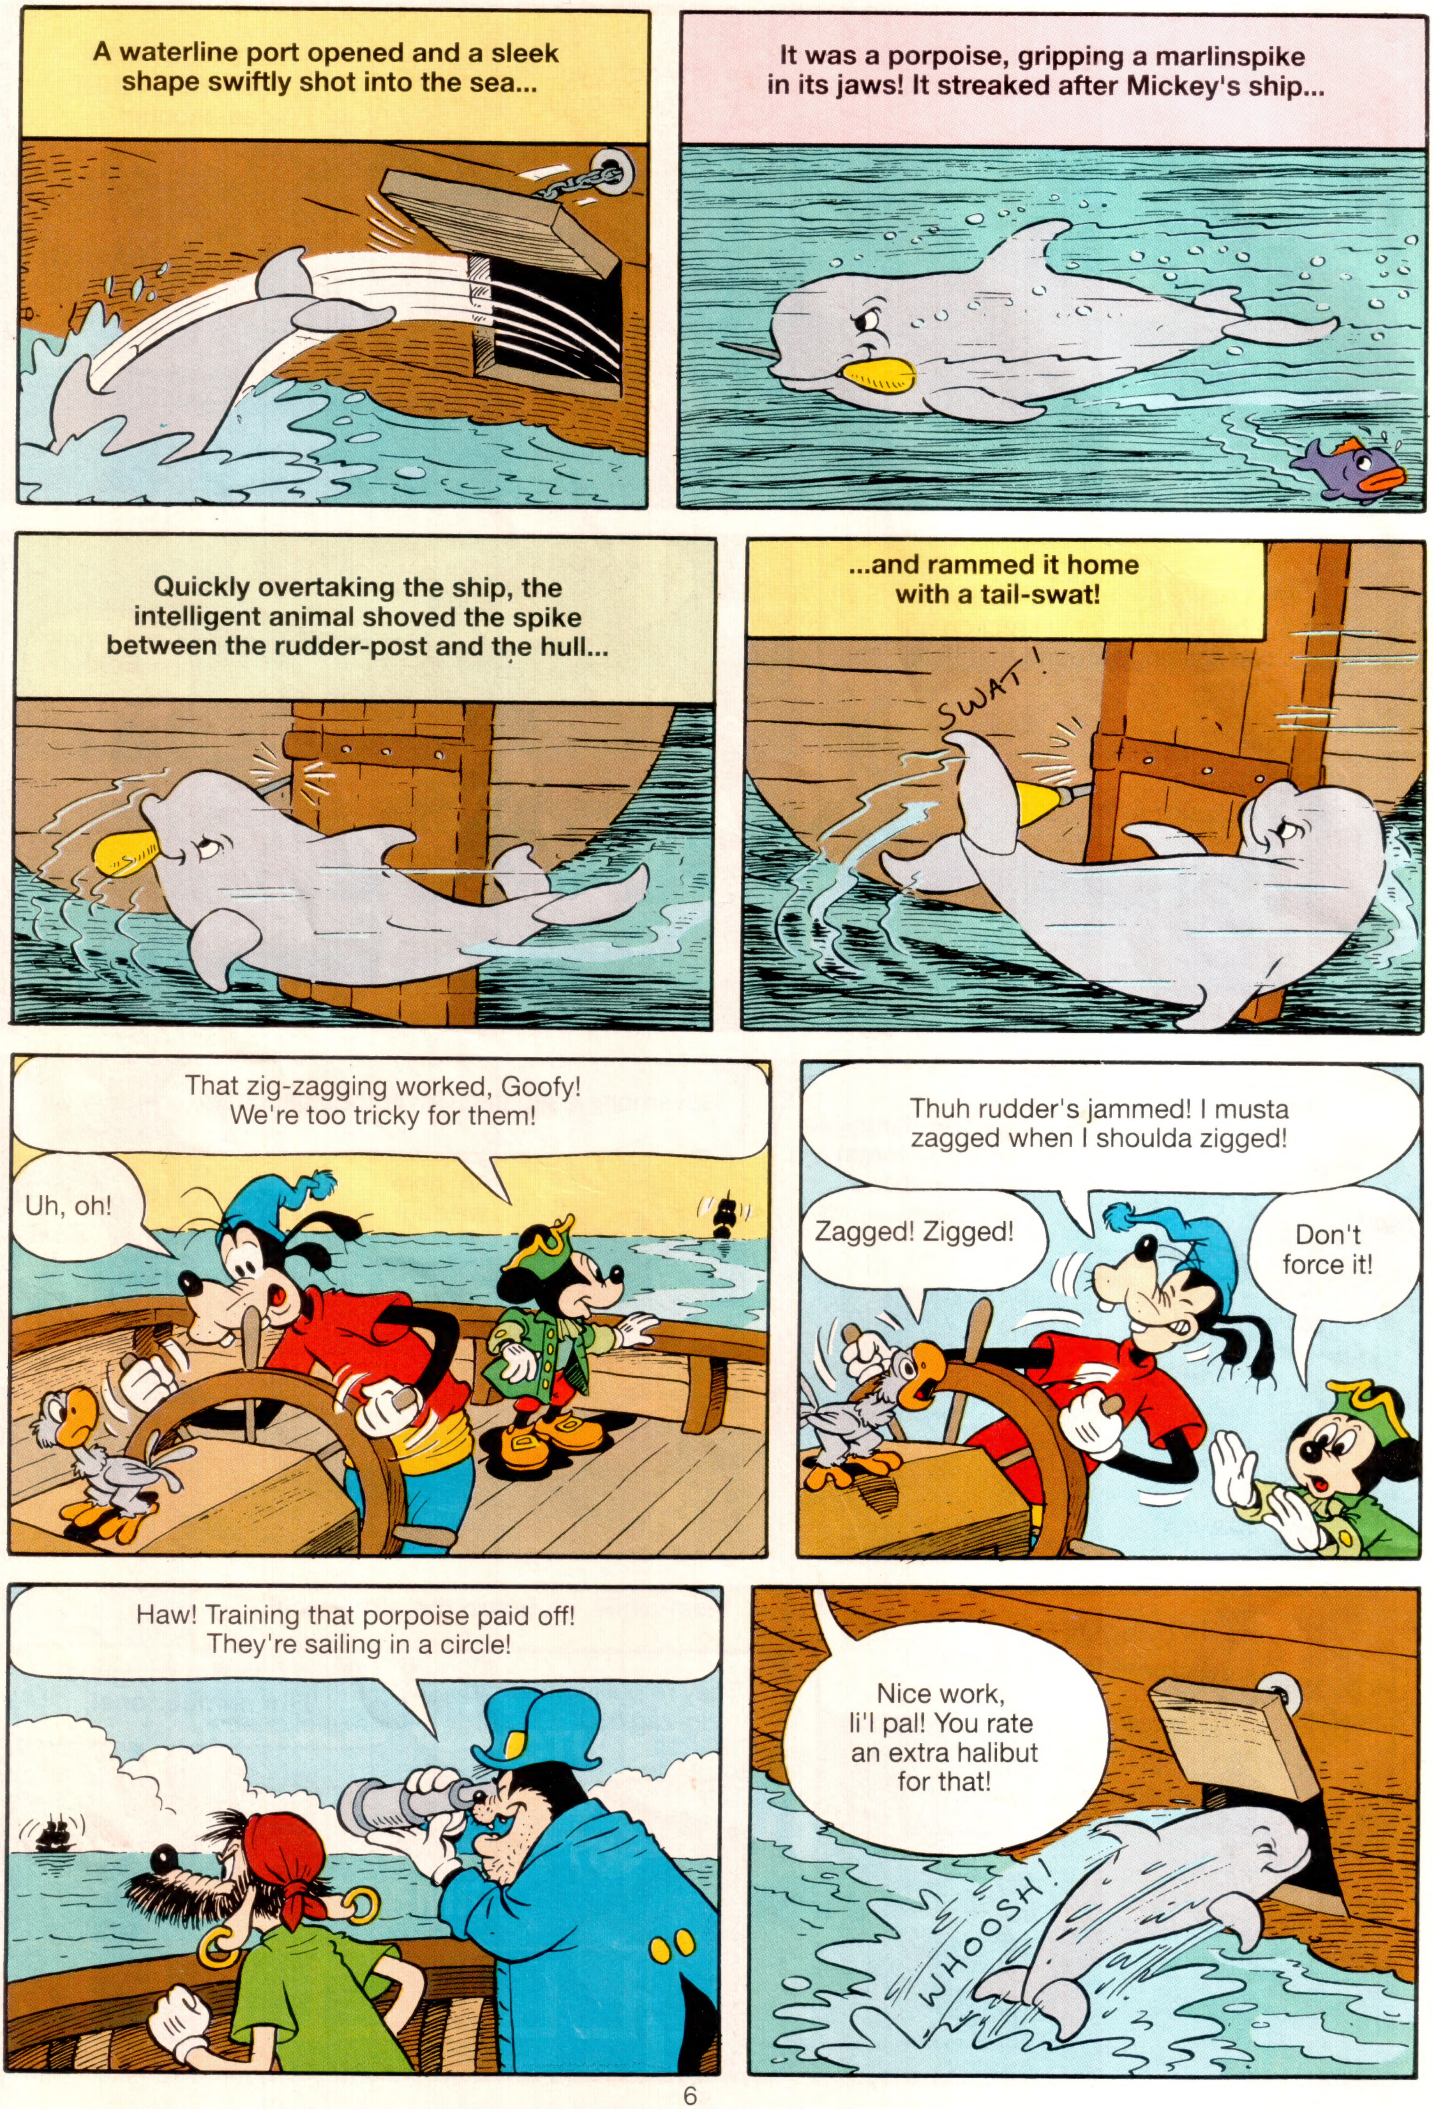
Pirate! Pirate! Yo ho ho and a bottle of bilgewater!
Shuddup, Blabby!

That could be the infamous pirate Bad Pete! And I thought he was driven out of these waters long ago!

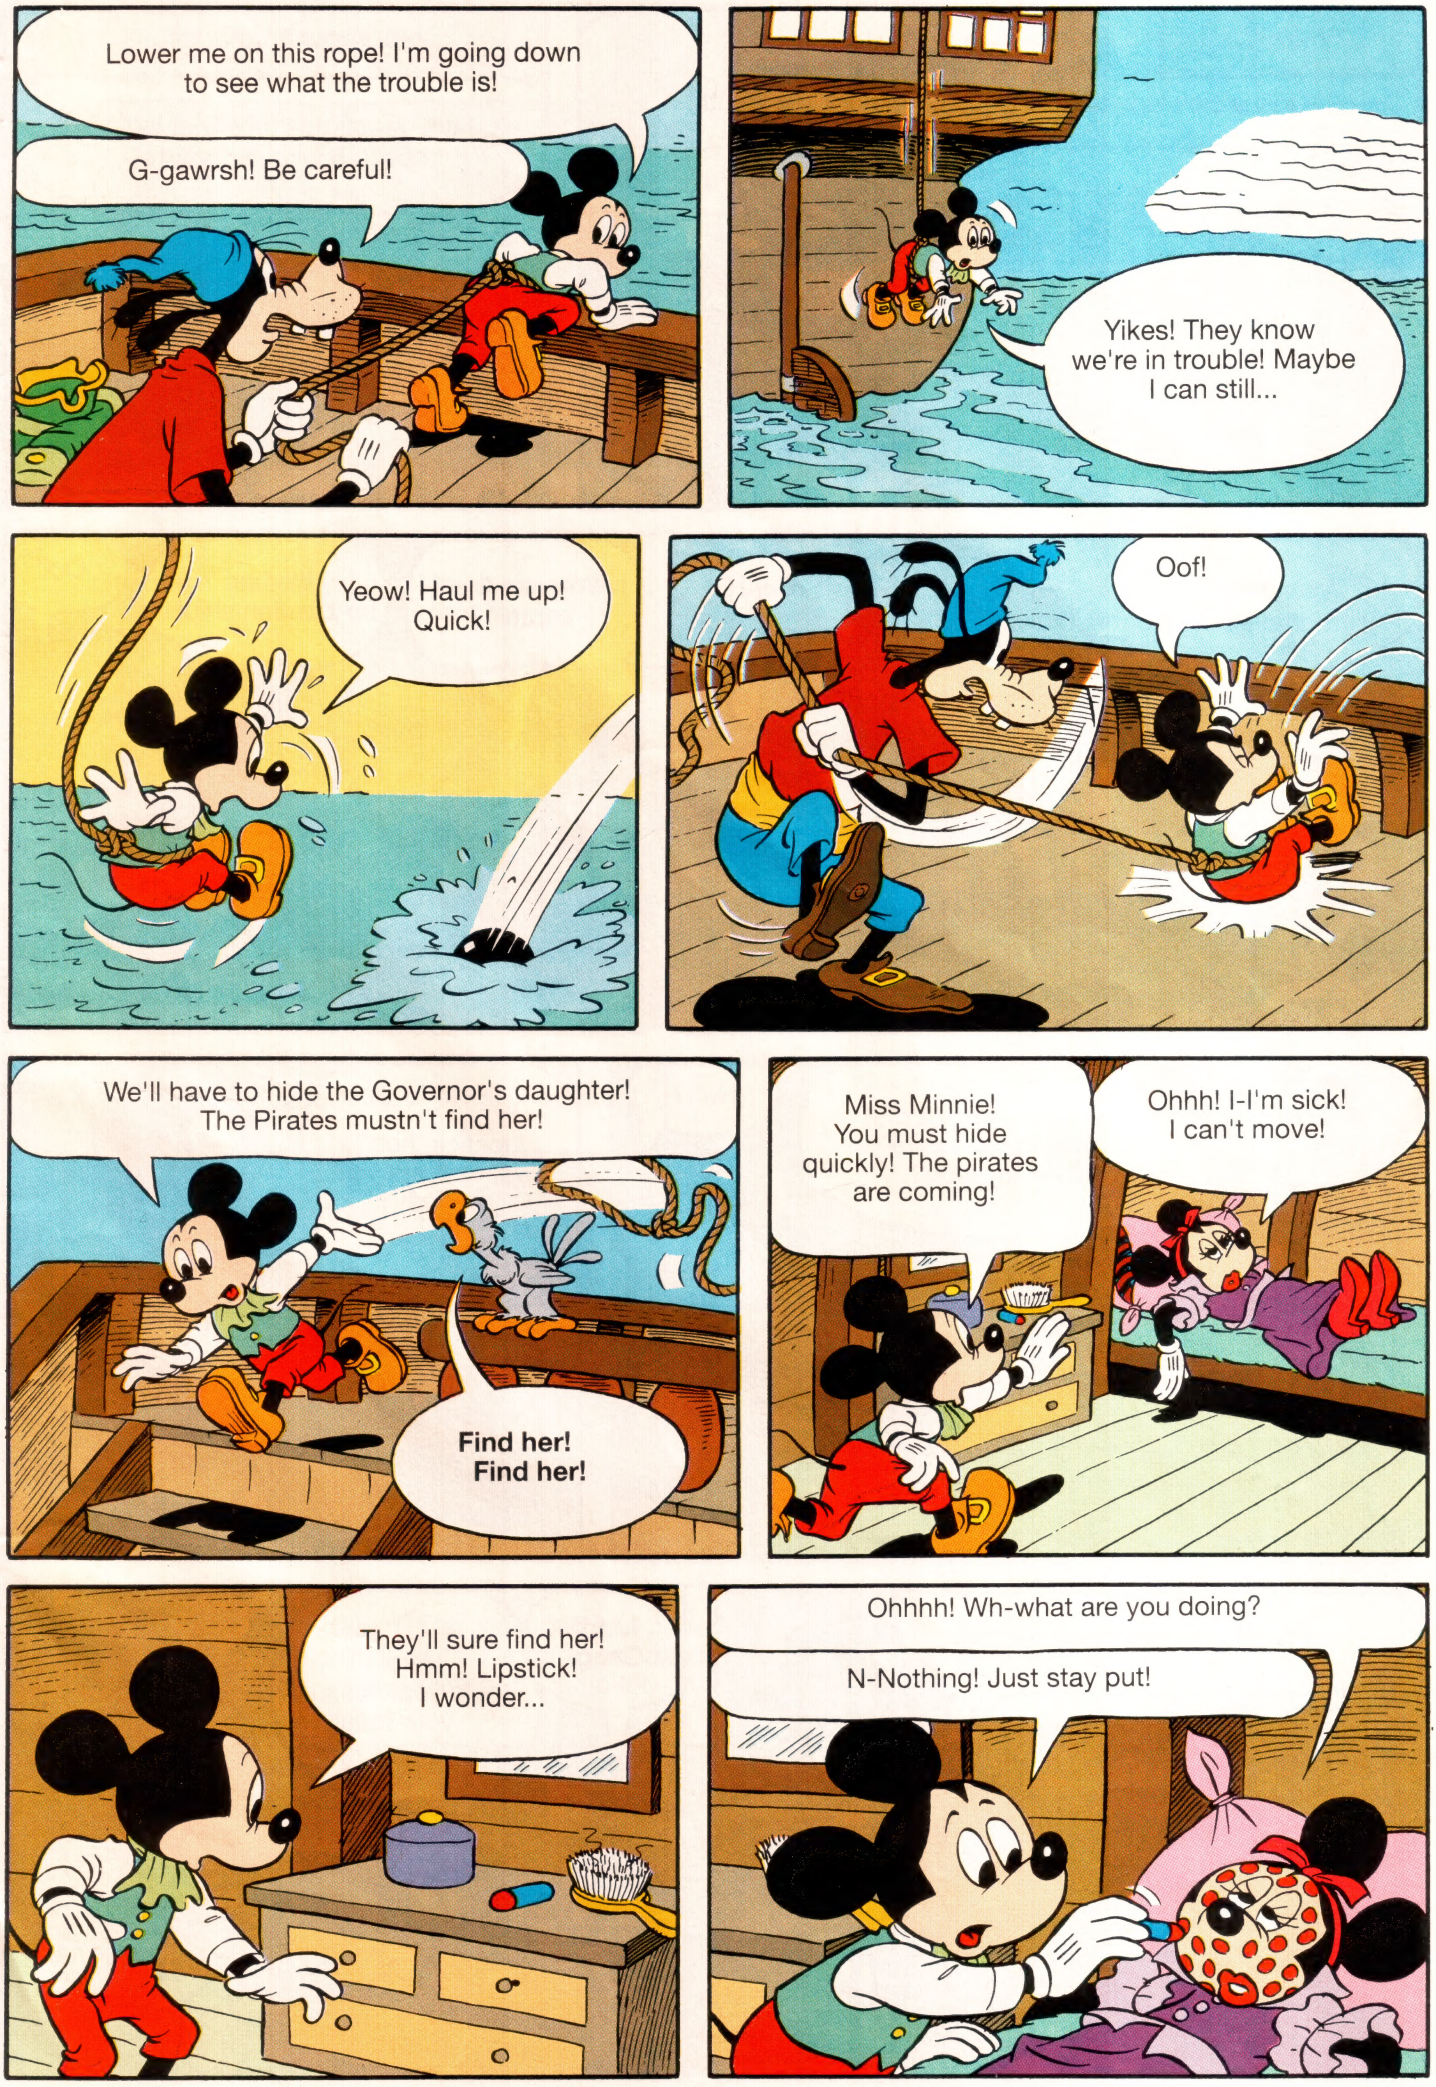
BOOM!
B-but I could be wrong!



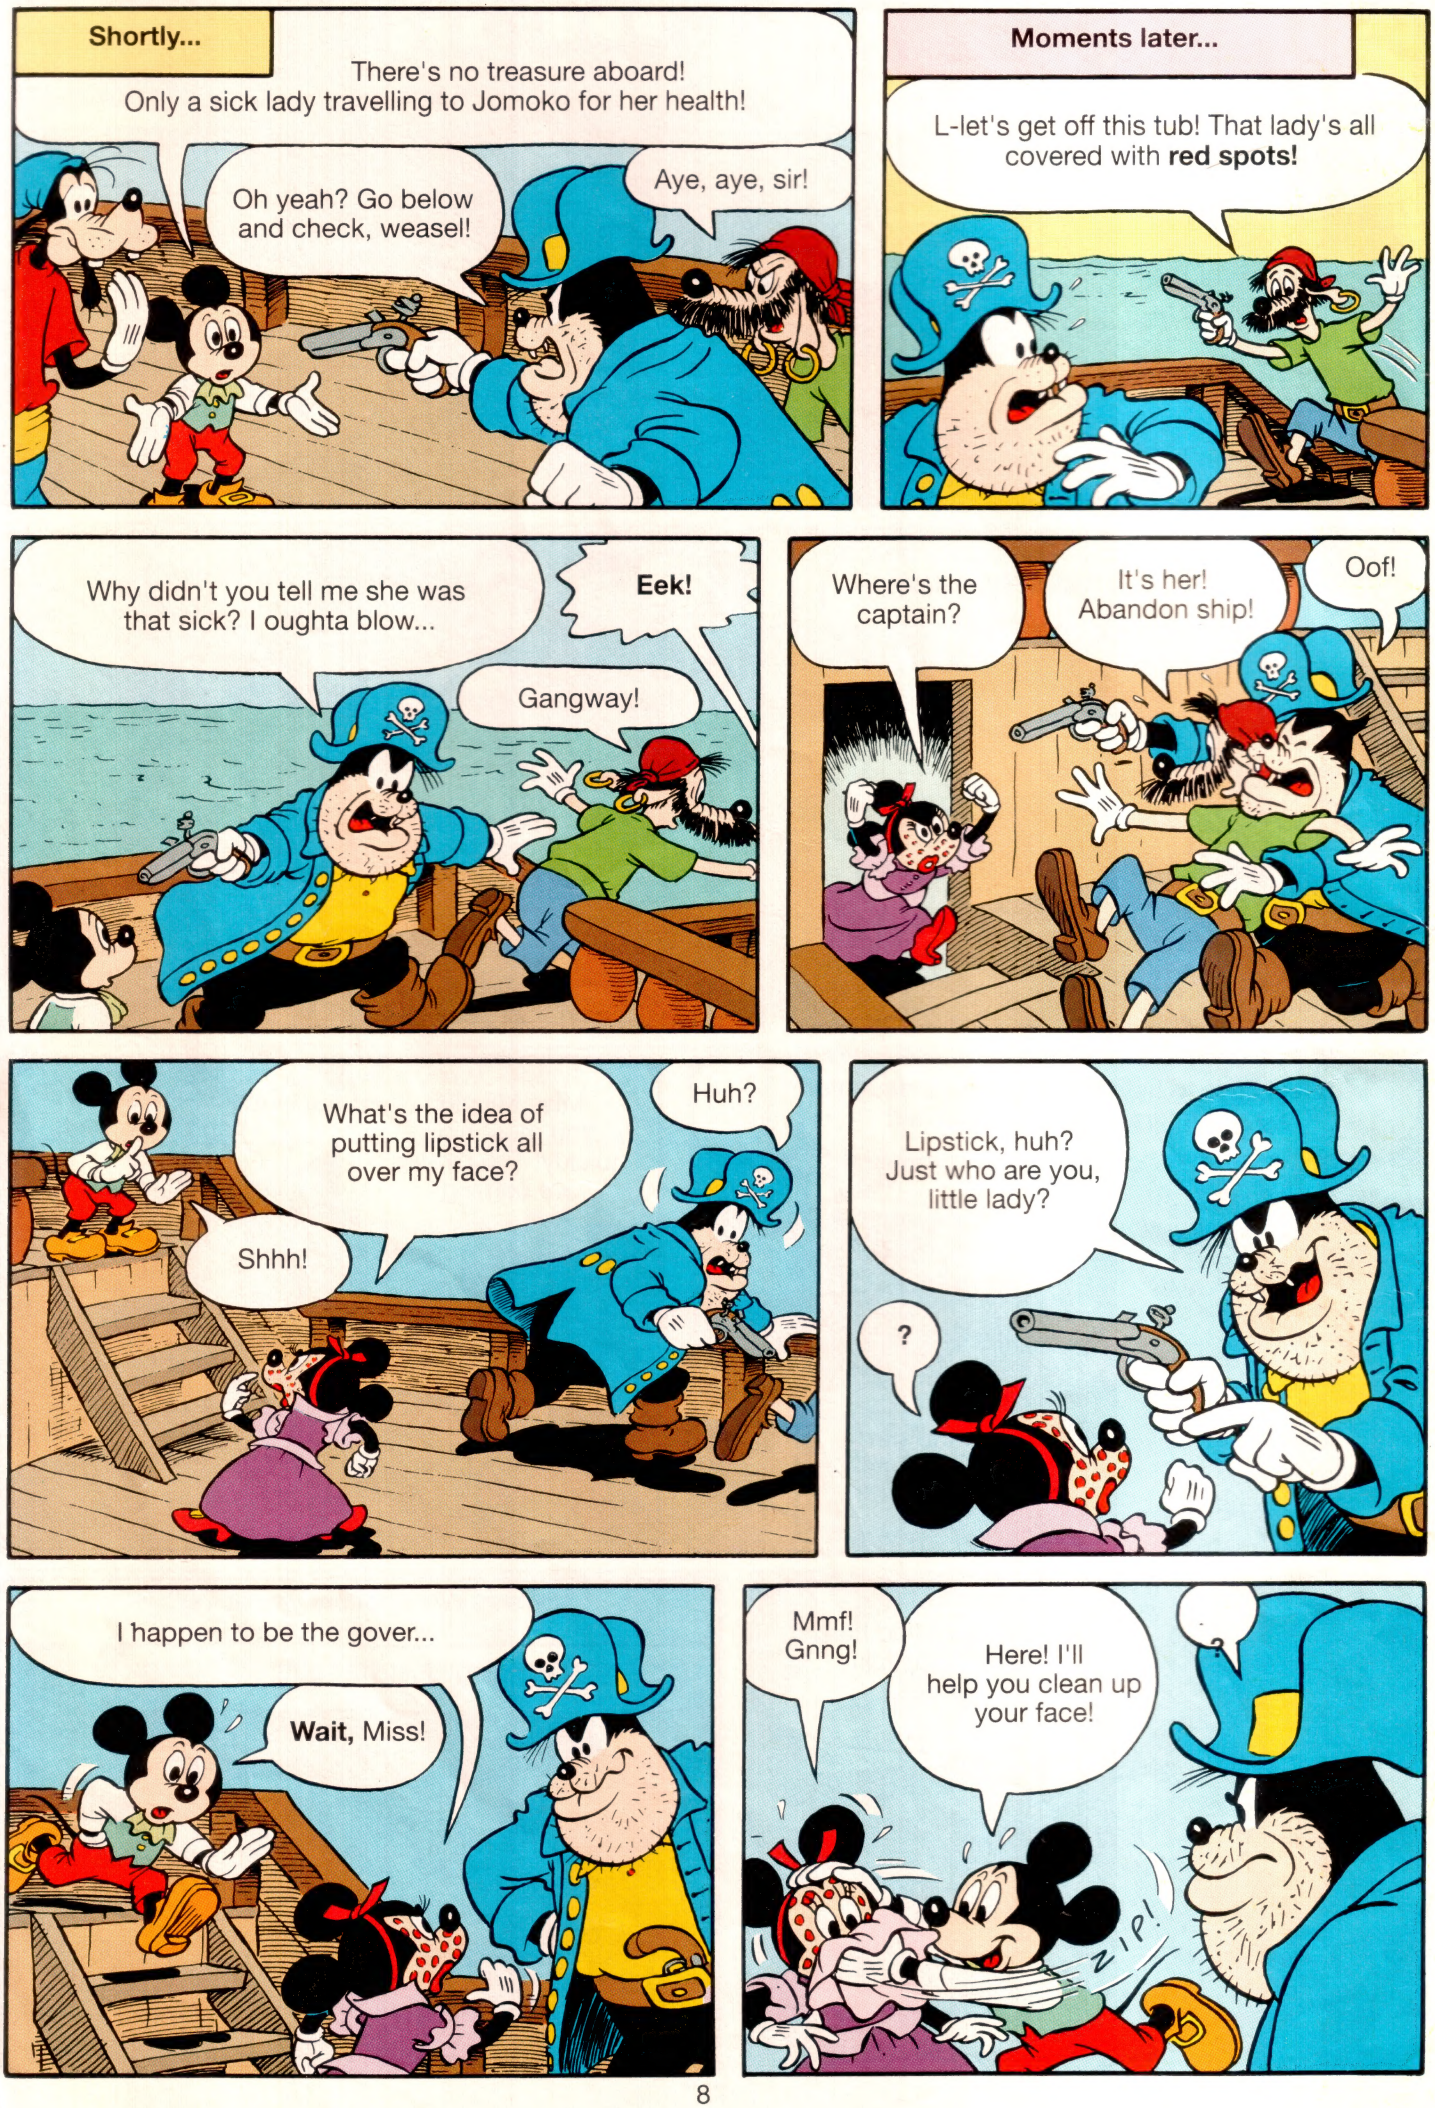
That was a warning shot! The next one will be aimed higher!
SPLOSH!
Why don't you fight back? You've got a cannon!
That thing? I'd do better with a pea-shooter!
We'll make a run for it, Goofy! Use the old zig-zag trick! I reckon our ship can sail rings around that hulk!
Gawrsh!
Hang on! Here we go a-ziggin'!
Eek!
THUD!
I'm sorry, but I **told** you to go below!
I'll stay where I am, thank you! You forget **I'm** the Governor's daughter!
Governor's daughter! Governor's daughter!
An' here we zag!
Eek!
I gotcha!
I think I'll go to my cabin!
I'll help you! Hold the zig-zags for a minute, Goofy!
Meanwhile, on board the pirate ship...
They're pulling that old zig-zag trick, Cap'n!
Won't do 'em any good! **Fire number one!**



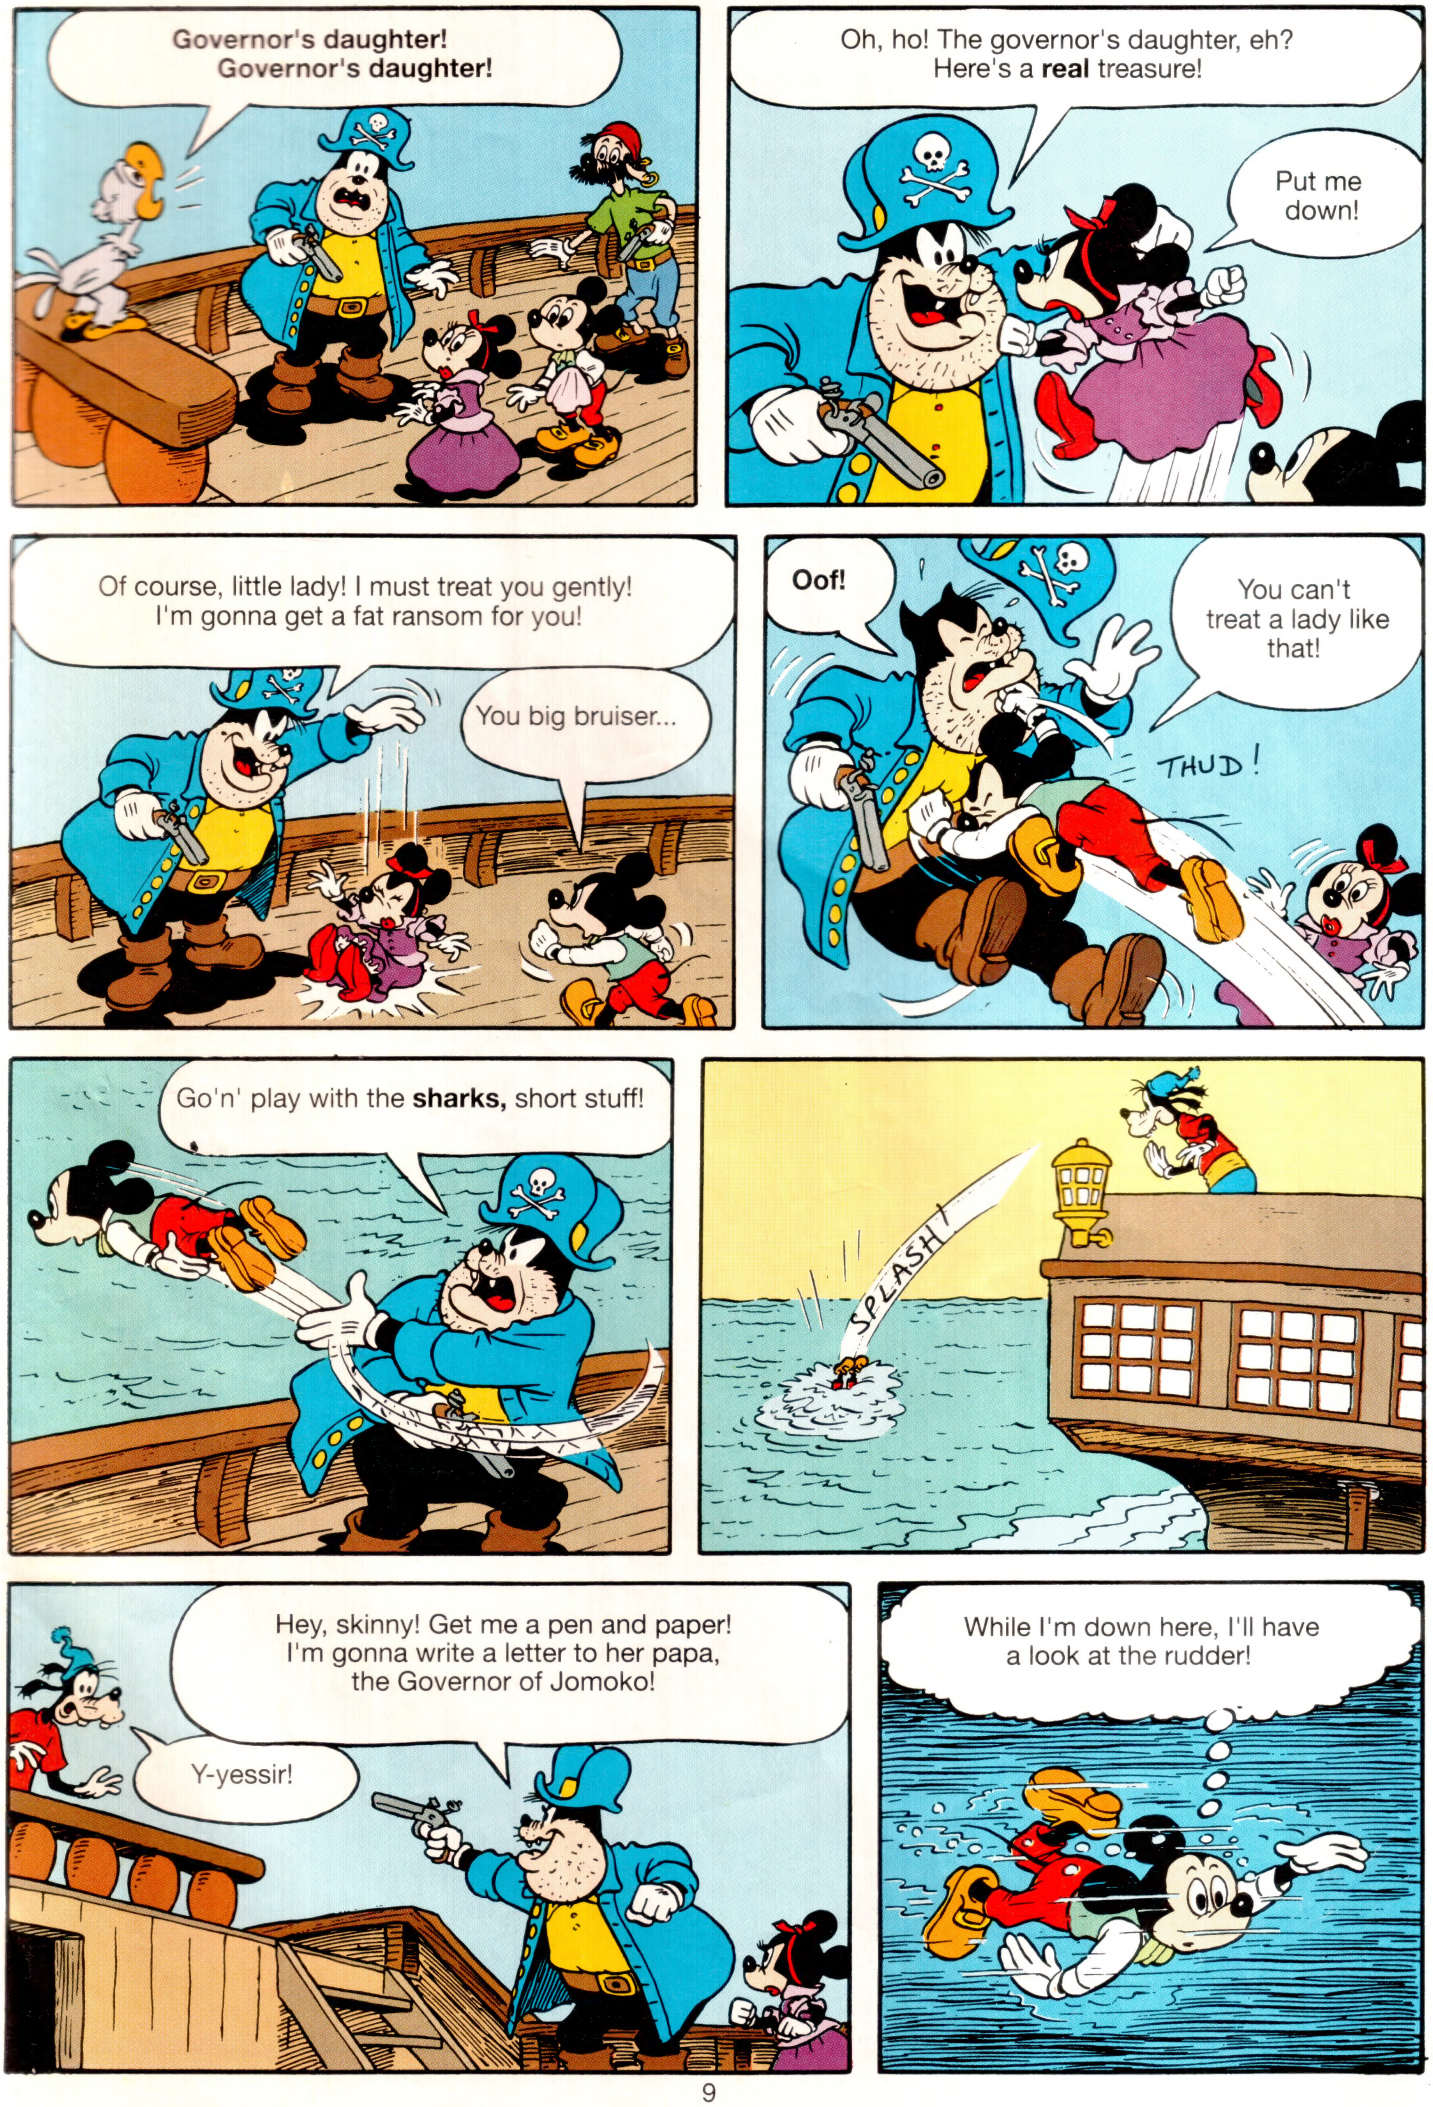
A waterline port opened and a sleek shape swiftly shot into the sea...
It was a porpoise, gripping a marlinspike in its jaws! It streaked after Mickey's ship...
Quickly overtaking the ship, the intelligent animal shoved the spike between the rudder-post and the hull...
...and rammed it home with a tail-swat!
SWAT!
That zig-zagging worked, Goofy! We're too tricky for them!
Uh, oh!
Thuh rudder's jammed! I musta zagged when I shoulda zigged!
Zagged! Zigged!
Don't force it!
Haw! Training that porpoise paid off! They're sailing in a circle!
Nice work, li'l pal! You rate an extra halibut for that!
WHOOSH!



Lower me on this rope! I'm going down to see what the trouble is!
G-gawrsh! Be careful!
Yikes! They know we're in trouble! Maybe I can still...
Yeow! Haul me up! Quick!
Oof!
We'll have to hide the Governor's daughter! The Pirates mustn't find her!
Find her! Find her!
Miss Minnie! You must hide quickly! The pirates are coming!
Ohhh! I-I'm sick! I can't move!
They'll sure find her! Hmm! Lipstick! I wonder...
Ohhhh! Wh-what are you doing?
N-Nothing! Just stay put!



Shortly...
There's no treasure aboard!
Only a sick lady travelling to Jomoko for her health!
Oh yeah? Go below and check, weasel!
Aye, aye, sir!
Moments later...
L-let's get off this tub! That lady's all covered with **red spots!**
Why didn't you tell me she was that sick? I oughta blow...
Eek!
Gangway!
Where's the captain?
It's her! Abandon ship!
Oof!
What's the idea of putting lipstick all over my face?
Huh?
Shhh!
Lipstick, huh? Just who are you, little lady?
?
I happen to be the gover...
Wait, Miss!
Mmf! Gnng!
Here! I'll help you clean up your face!
ZIP!



Governor's daughter!
Governor's daughter!
Oh, ho! The governor's daughter, eh?
Here's a **real** treasure!
Put me down!
Of course, little lady! I must treat you gently!
I'm gonna get a fat ransom for you!
You big bruiser...
Oof!
You can't treat a lady like that!
THUD!
Go'n' play with the **sharks,** short stuff!
SPLASH!
Hey, skinny! Get me a pen and paper!
I'm gonna write a letter to her papa,
the Governor of Jomoko!
Y-yessir!
While I'm down here, I'll have a look at the rudder!

Can Mickey save the ship and the Governor's daughter? More yo-ho-ho next week!

Answer: Curiosity killed the cat.

Donald's balancing baton

Donald's changed a drinking straw into a magic baton and is doing all sorts of balancing tricks with it, making it stand up on his forefinger, twirling it in the air, and so on. The way he's done it is by pushing a heavy nail into one end of the straw, giving it weight and strength at one end. You'll be surprised at the "un-straw-like" things you can do with such a straw!

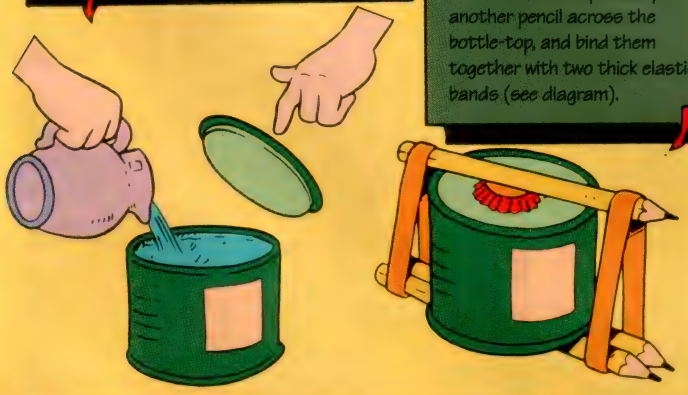
P.S. If you can't find a nail that fits the straw, use a smaller one and wedge it with a bit of plasticine.

Inside Gyro's workshop

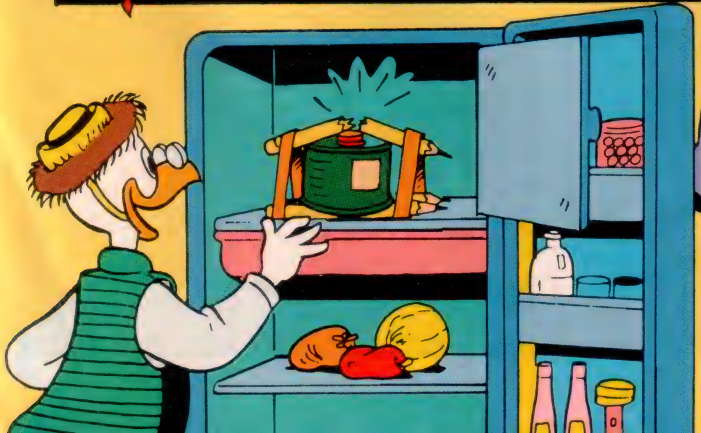
Ice-power!

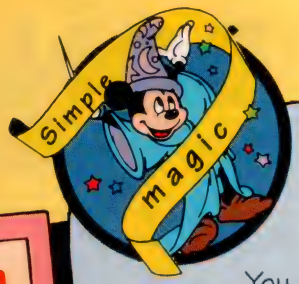
For this experiment you need a plastic container with the kind of lid that can be pressed on tightly. It must not be a screw-top lid!

Fill the container to the brim with water and press the lid on tightly. Put a bottle-top (the flip-off kind), round surface upwards, on the lid. Stand the container on two pencils, put another pencil across the bottle-top, and bind them together with two thick elastic bands (see diagram).



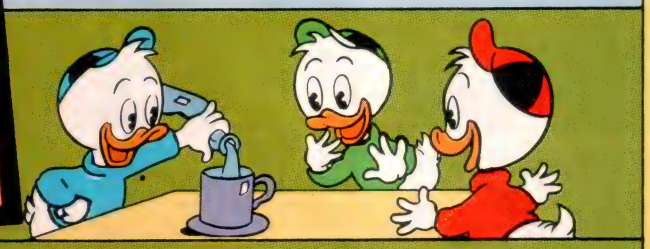
Now put all this into the freezer compartment of your fridge. Next morning you'll see that the water in the container has frozen, and therefore expanded, exerting so much pressure on the lid and the bottle-top that the top pencil has broken in half!





The amazing water trick

You need a large cup, a small glass and a small handkerchief for this trick. What your audience sees is you pouring water into the large cup, and then taking the completely dry handkerchief from inside it - just like a stage magician!



How it's done: First put the glass inside the cup, and tuck the handkerchief around it. When you pour in the water, it goes into the glass, leaving the handkerchief dry!

Tip of the week

First, draw your matchstick man ...

If you're trying to draw a human form, you'll get a much better picture if you draw a matchstick man first, then put the clothes on him!

Which countries do these cheeses come from? Parmesan, Gruyere, Edam, Stilton, Camembert.

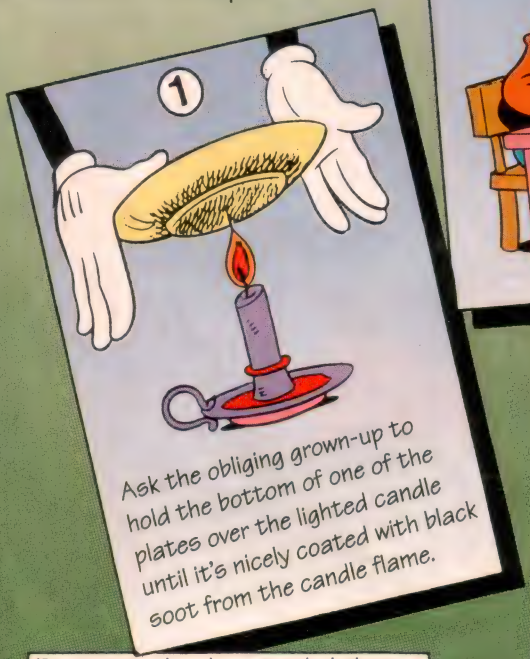
Answer: Italy, Switzerland, Holland, England, France.

TRICKS 'N THINGS

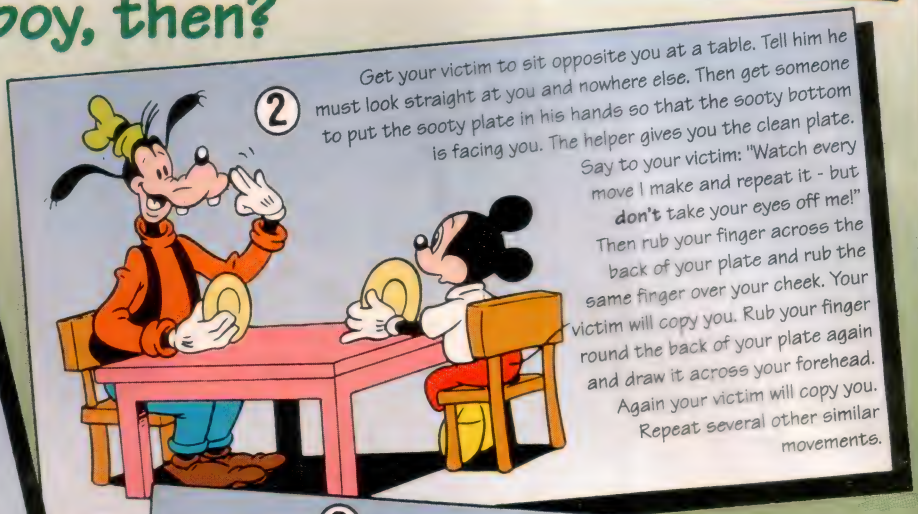
LAUGH OF THE WEEK

Who's a sooty boy, then?

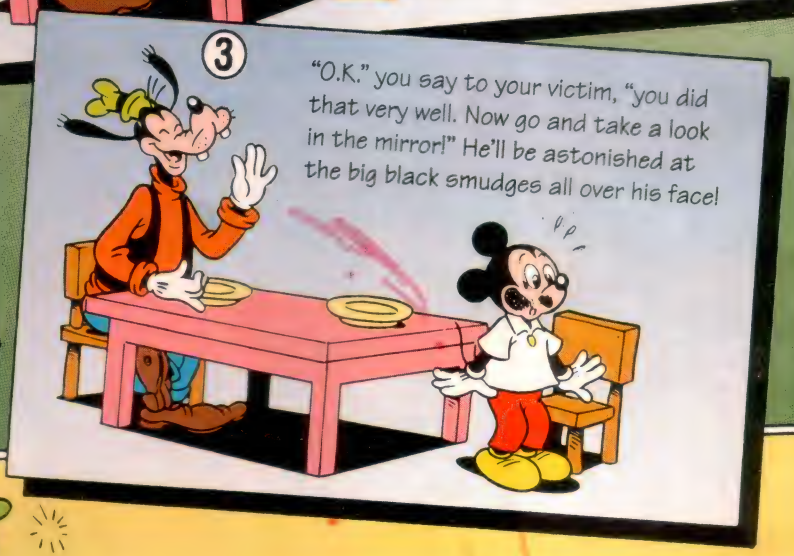
For this trick, you'll need an obliging grown-up, a willing victim, a candle, and two identical old china plates.



Ask the obliging grown-up to hold the bottom of one of the plates over the lighted candle until it's nicely coated with black soot from the candle flame.



Get your victim to sit opposite you at a table. Tell him he must look straight at you and nowhere else. Then get someone to put the sooty plate in his hands so that the sooty bottom is facing you. The helper gives you the clean plate. Say to your victim: "Watch every move I make and repeat it - but **don't** take your eyes off me!" Then rub your finger across the back of your plate and rub the same finger over your cheek. Your victim will copy you. Rub your finger round the back of your plate again and draw it across your forehead. Again your victim will copy you. Repeat several other similar movements.



"O.K." you say to your victim, "you did that very well. Now go and take a look in the mirror!" He'll be astonished at the big black smudges all over his face!

Rearrange the three words below to form the title of a book by Enid Blyton: **MOUSE HAVE TIFF**

Answer: The Famous Five.

Begin at the top line and work downwards, taking one letter from each line, to form four girls' names.

C N S A
I L M H
A A C A
O R I N
L R O D
A E A N

Answer:

Claire, Nicola, Sharon, Amanda.

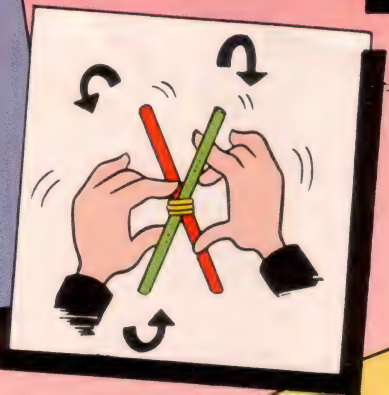
Nasty surprise at breakfast

Whirly shocker!

How it works: Put the "whirly shocker" under some object which will hold it down tightly. A breakfast cup is ideal, so is a book or a phone receiver. When the victim lifts his cup, opens the book or lifts the phone, the whirly shocker leaps up and makes him jump!

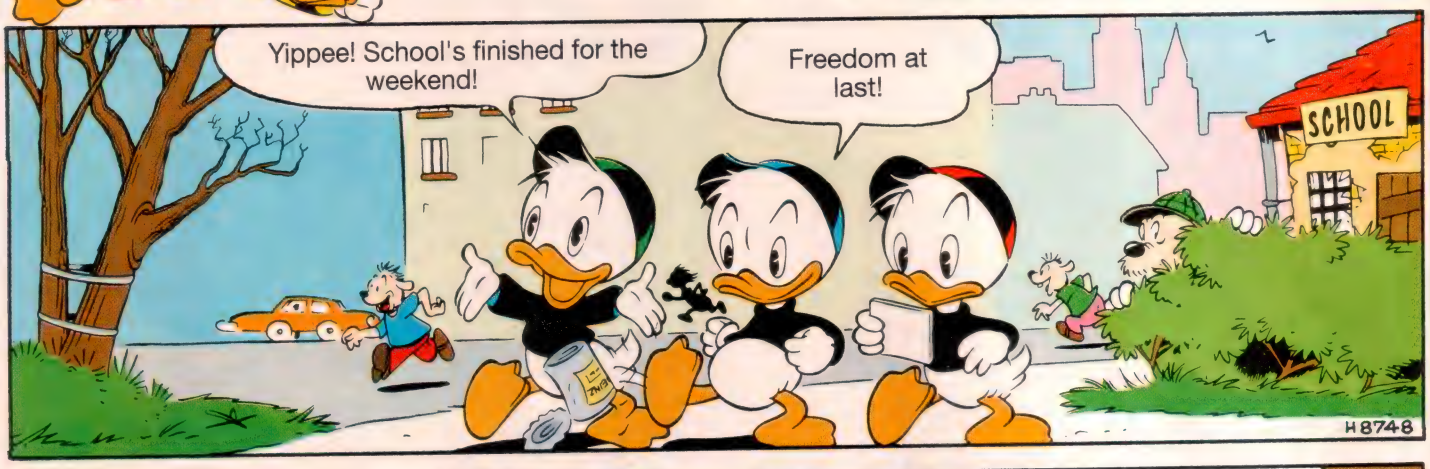
How to make it: Cut an ordinary drinking straw in half and bind the two pieces together in the middle with a thin elastic band (right). The two half straws should now look like a X.

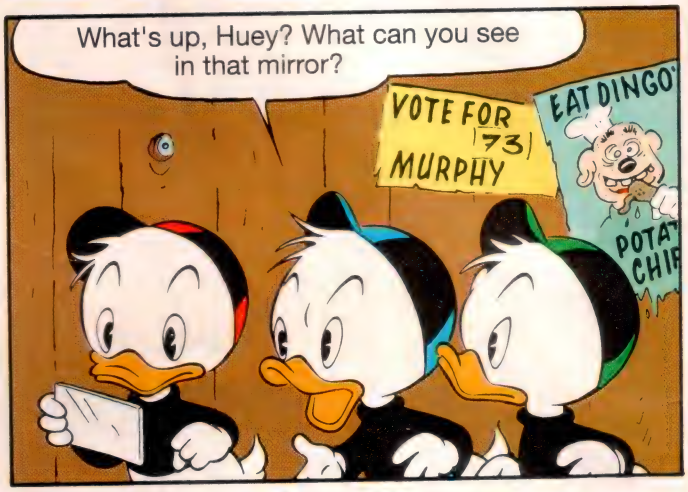
Then turn over the two half straws in the directions of the arrows, until they are fully "wound up".

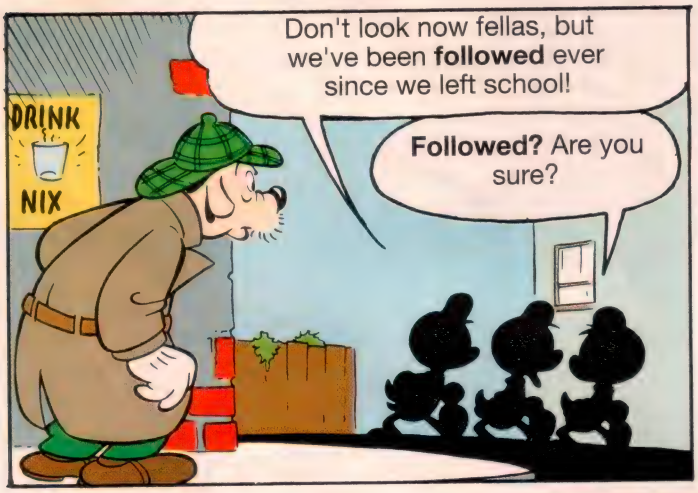


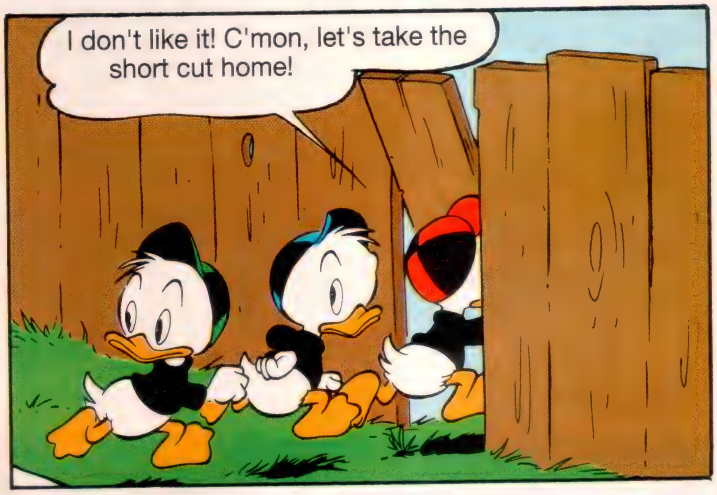
DONALD DUCK

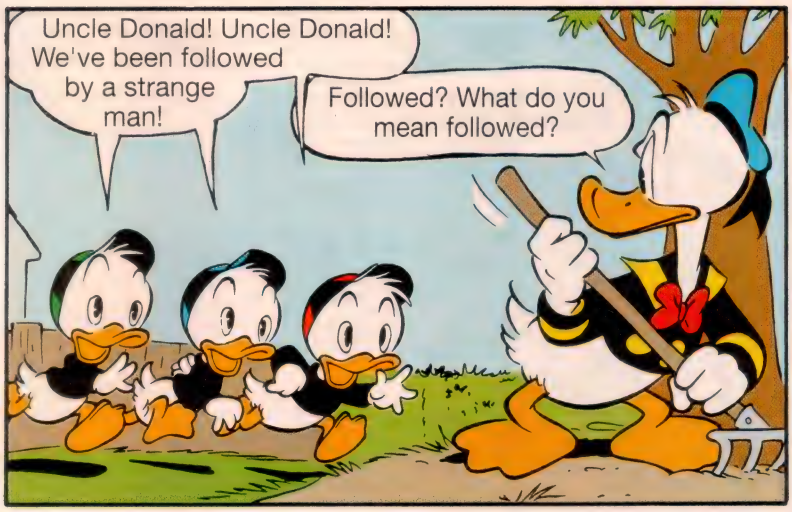
An Honest Job!



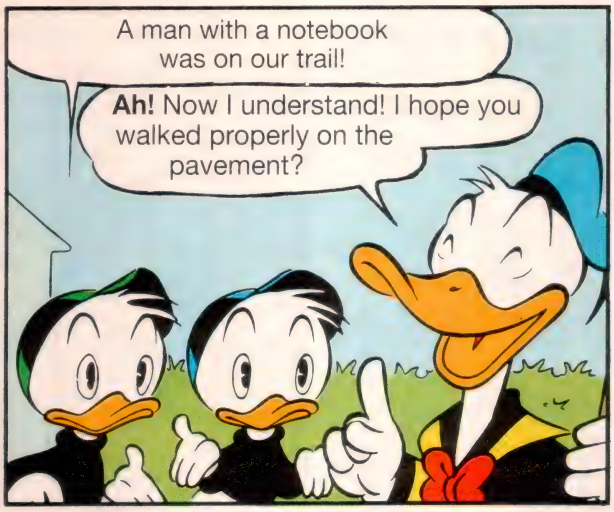








Uncle Donald! Uncle Donald! We've been followed by a strange man!
Followed? What do you mean followed?



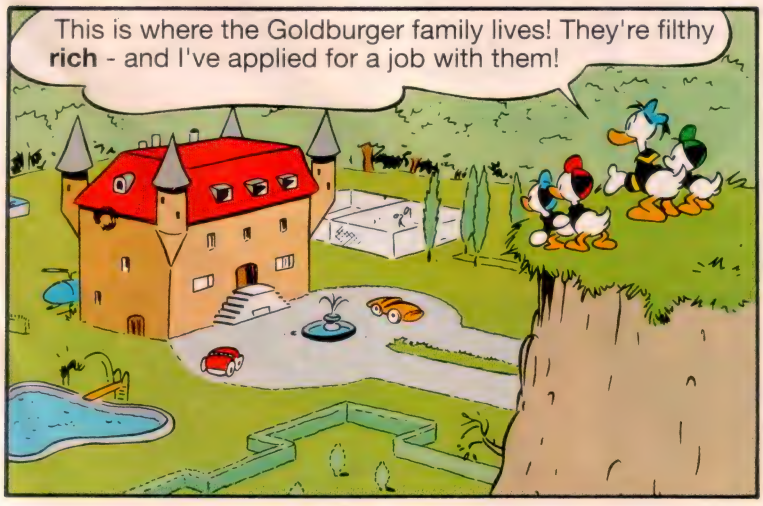
A man with a notebook was on our trail!
Ah! Now I understand! I hope you walked properly on the pavement?

We took the short cut over the back yards to shake him off!
(Groan!) You'll ruin everything!

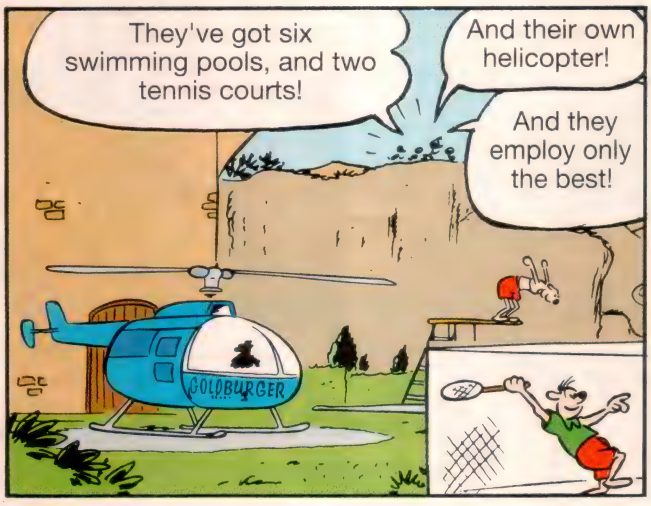
Ruin **what**?
Listen! For the next few days, take it easy and don't get your clothes dirty!

What's going on?
I've applied for a very important job!

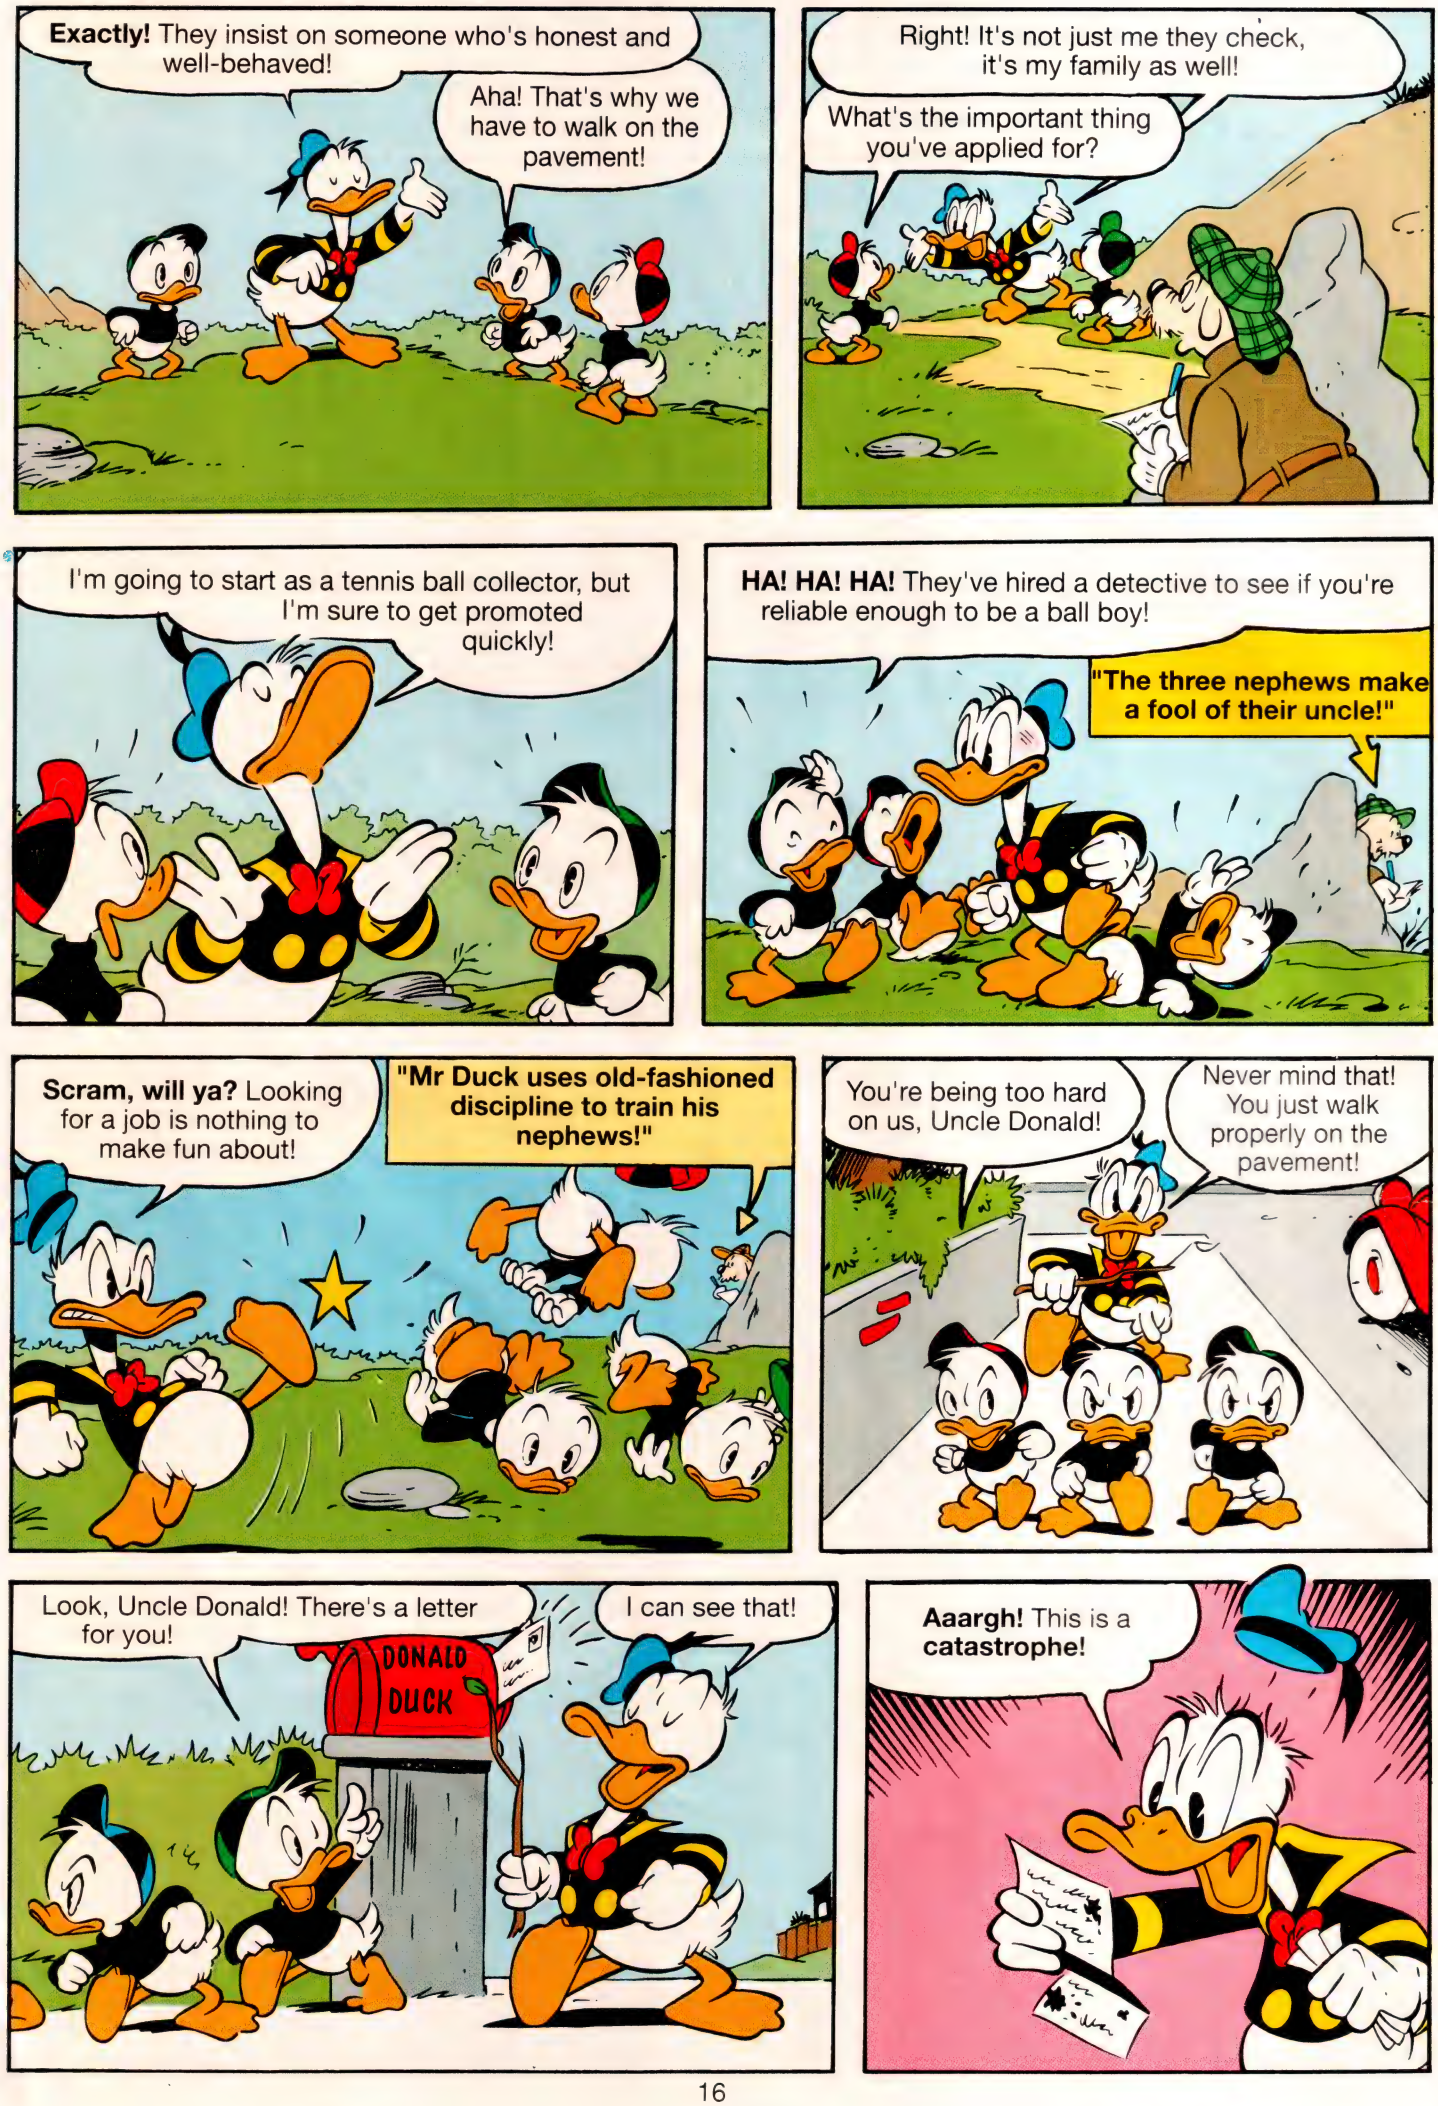
Come along with me! I'll show you what it is!
"They do wear caps in the street!"



This is where the Goldburger family lives! They're filthy **rich** - and I've applied for a job with them!

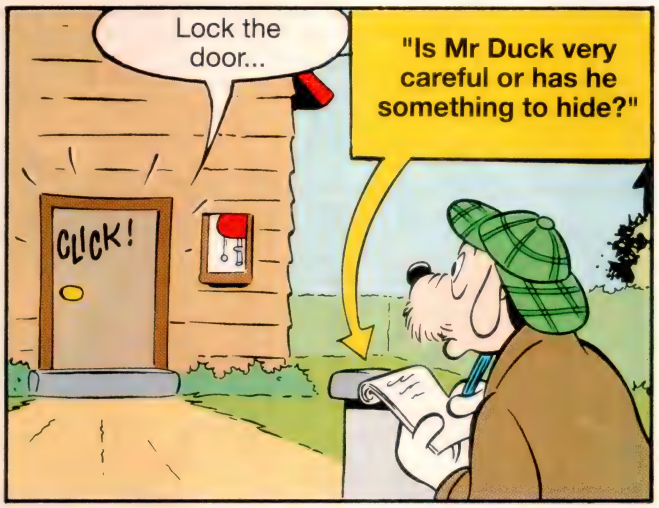


They've got six swimming pools, and two tennis courts!
And their own helicopter!
And they employ only the best!
GOLDBURGER

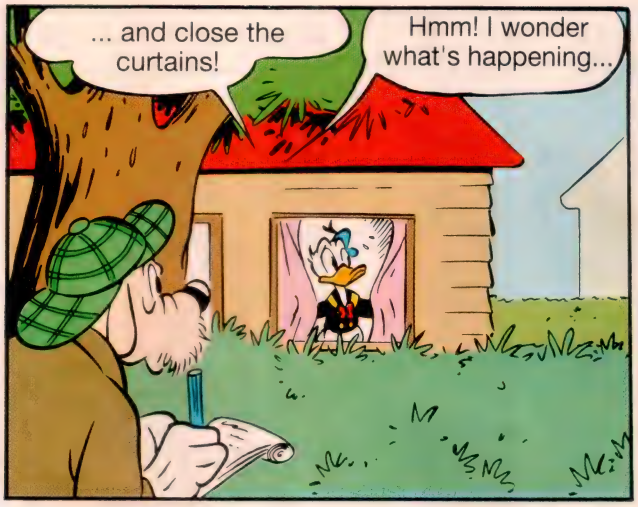


Exactly! They insist on someone who's honest and well-behaved!
Aha! That's why we have to walk on the pavement!
Right! It's not just me they check, it's my family as well!
What's the important thing you've applied for?
I'm going to start as a tennis ball collector, but I'm sure to get promoted quickly!
HA! HA! HA! They've hired a detective to see if you're reliable enough to be a ball boy!
"The three nephews make a fool of their uncle!"
Scram, will ya? Looking for a job is nothing to make fun about!
"Mr Duck uses old-fashioned discipline to train his nephews!"
You're being too hard on us, Uncle Donald!
Never mind that! You just walk properly on the pavement!
Look, Uncle Donald! There's a letter for you!
DONALD DUCK
I can see that!
Aaargh! This is a **catastrophe!**

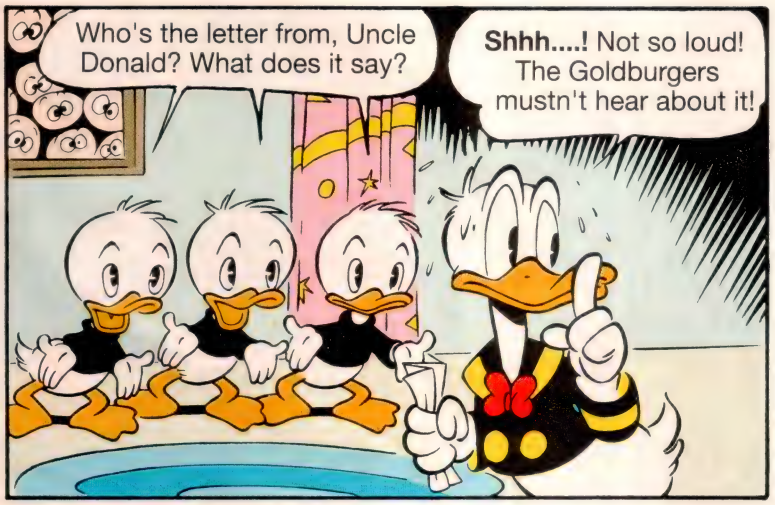
Get indoors, boys! This is terrible!



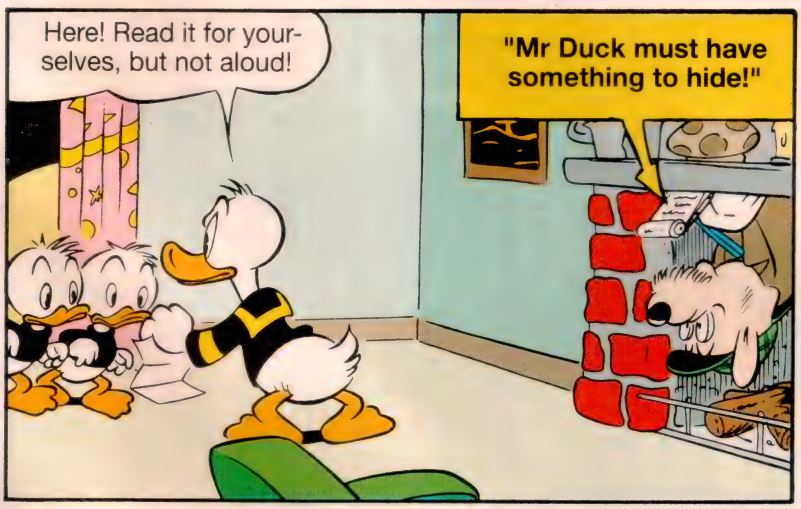
Lock the door...
"Is Mr Duck very careful or has he something to hide?"
CLICK!



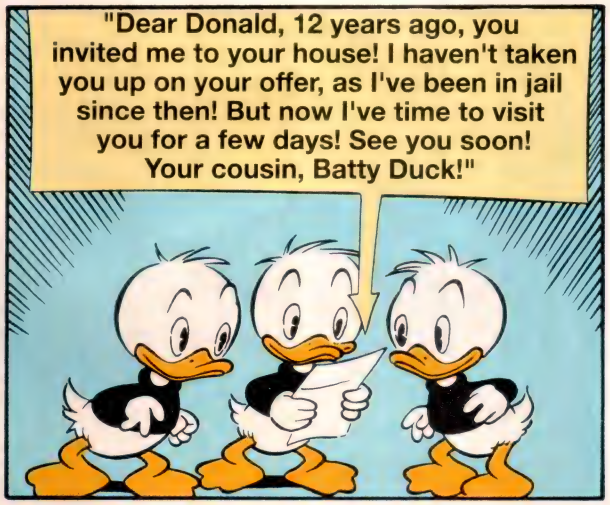
... and close the curtains!
Hmm! I wonder what's happening...



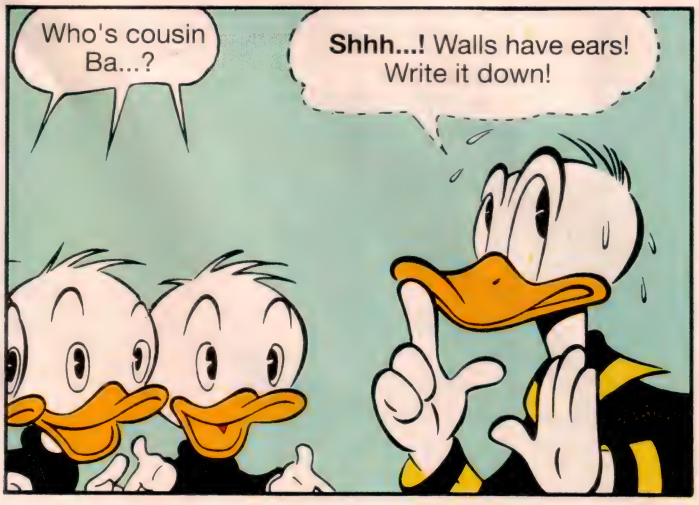
Who's the letter from, Uncle Donald? What does it say?
Shhh....! Not so loud! The Goldburgers mustn't hear about it!



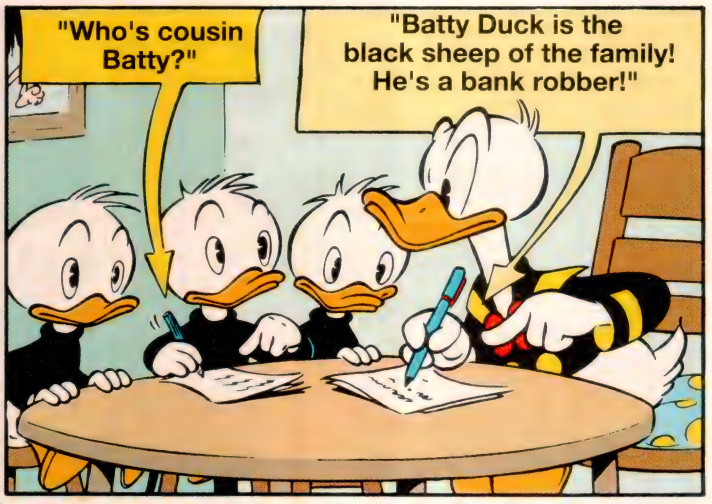
Here! Read it for yourselves, but not aloud!
"Mr Duck must have something to hide!"



"Dear Donald, 12 years ago, you invited me to your house! I haven't taken you up on your offer, as I've been in jail since then! But now I've time to visit you for a few days! See you soon! Your cousin, Batty Duck!"



Who's cousin Ba...?
Shhh...! Walls have ears! Write it down!

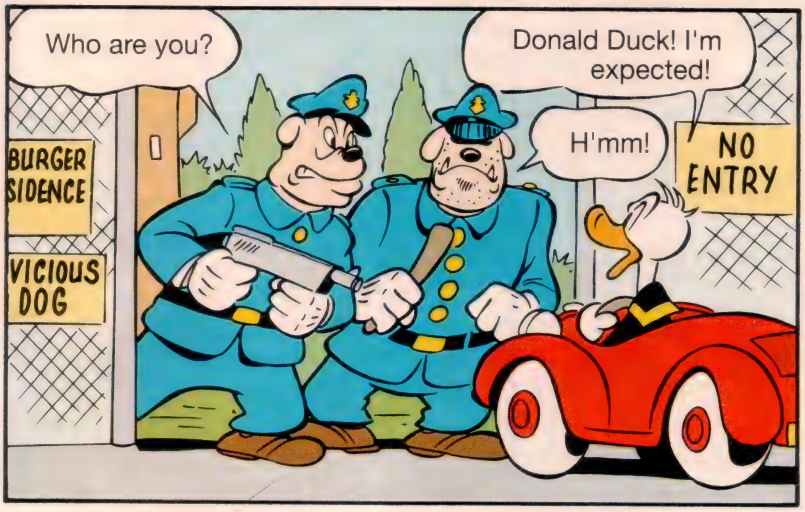


"Who's cousin Batty?"
"Batty Duck is the black sheep of the family! He's a bank robber!"

You understand, of course, that this is **very** inconvenient!
But he **is** your cousin!
"Yeah - but if the Goldburgers heard there's a bank robber in the family, I can wave goodbye to my job!"
A cousin is a cousin!
(Groan!) Come to think of it, he's only a **half** cousin!
RING!
Hey Donald!
What? Batty ...already?
I took the express train!
UHH?
You'd better come upstairs! Did **anyone** see you?
Lock the door, boys!
TNT
Phew! Phew! Welcome, cousin!
Is this what you call a welcome? What's going on, Donald?
Nothing! I'm showing you your room!
And it's great!
Much better that where I've come from, the state **JA..!**
AHEM! COUGH! COUGH! GULP!

Uncle Donald! This is no way to welcome your cousin!
Don't be too harsh on your uncle, boys! I understand!
I'm used to hiding from the time when I was a member of Robert the Robber's gang!
SSHH!
Robert the Robber? The famous bandit?
Were you in his gang?
I was the gang's safe expert! I can open **any** safe!
Did you do it with dynamite?
Sometimes....but mainly with my hands!
It's not so messy that way! You listen for the clicks in the combination lock!
BANG! BANG! HAMMER! BANG!
We only blew the safe if we were in a hurry! It was noisy but it worked!
HAMMER! BANG! BANG! BANG!
That's it! That detective'll have to be real smart to hear us **now!**
The Goldburgers will find all this **very interesting!**

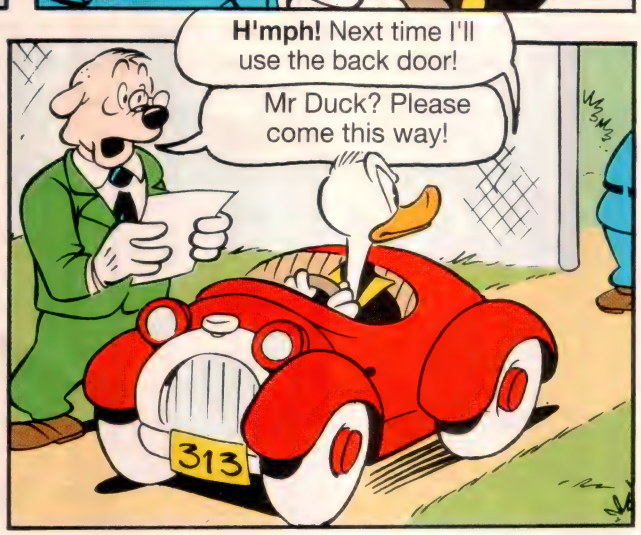
It looks solid, cousin! You've made a good job of barricading the house!
What else...?
...happened...?
...Uncle Batty?
Stop! That's no story for kids!
Now, now! Judging by your efforts outside, you've got something to hide as well!
That's something different!
RING!
What is it now?
RING!
This is the secretary to the Goldburger family! Please come at once for an interview!
Good news, uncle?
I don't know! I'd better go there now!
If they don't know anything about Batty, I've still got a chance! Otherwise I'm finished!
313
What's Donald going to do? Shoot someone?
No! He's looking for a job!
Tell us more about **your** job, Uncle Batty!
D. DUCK



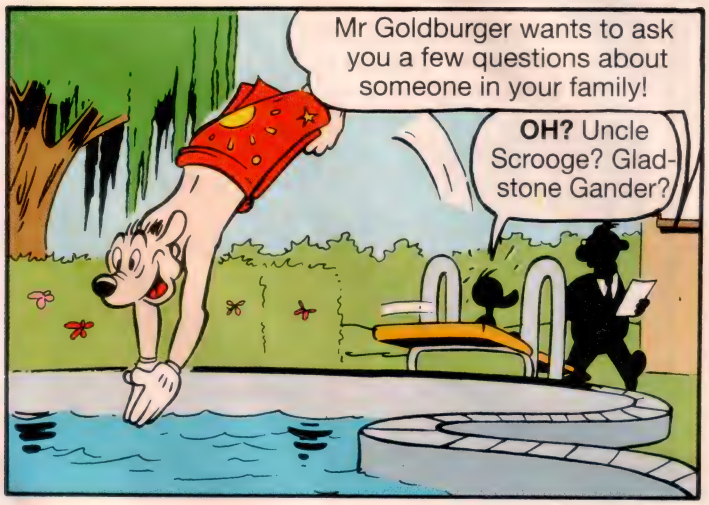
Who are you?
Donald Duck! I'm expected!
H'mm!
NO ENTRY
BURGER SIDENCE
VICIOUS DOG

Prove it, duckie - and don't move an inch!
My driving licence is in my jacket pocket!

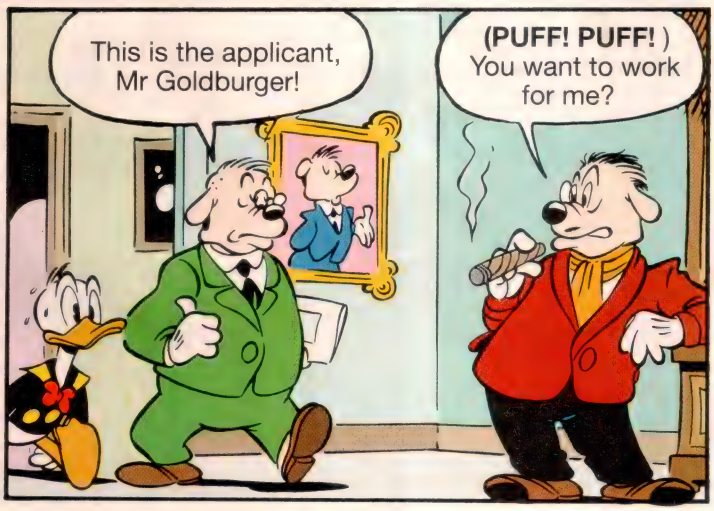
Don't shoot him, Ed! It's OK!
OK, you can go this time!
313



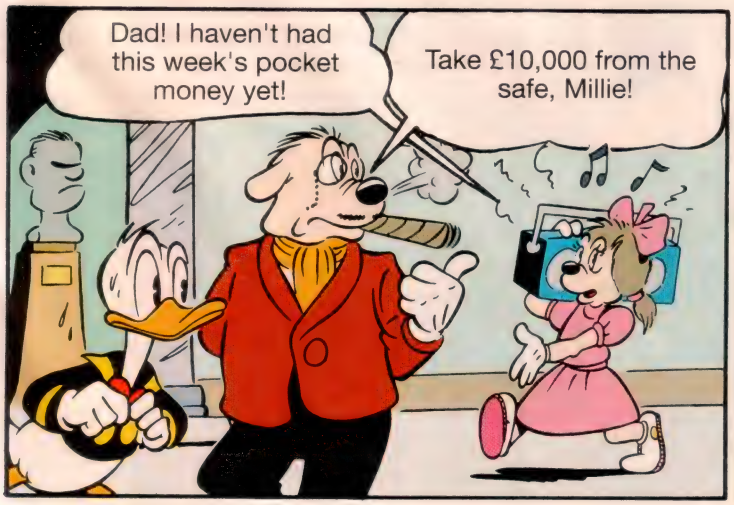
H'mph! Next time I'll use the back door!
Mr Duck? Please come this way!
313



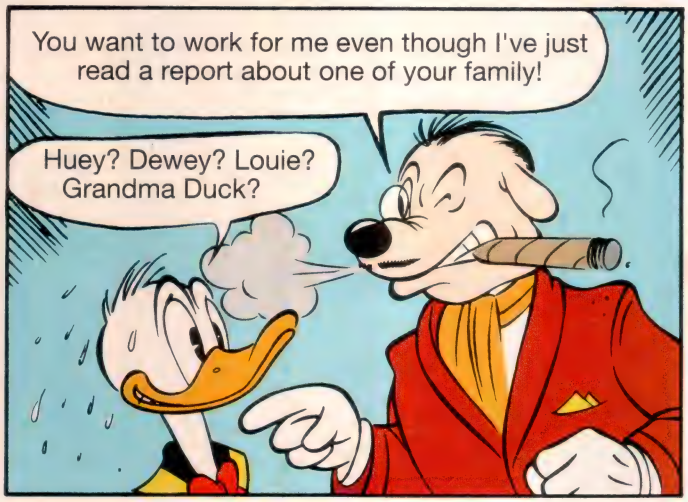
Mr Goldburger wants to ask you a few questions about someone in your family!
OH? Uncle Scrooge? Gladstone Gander?



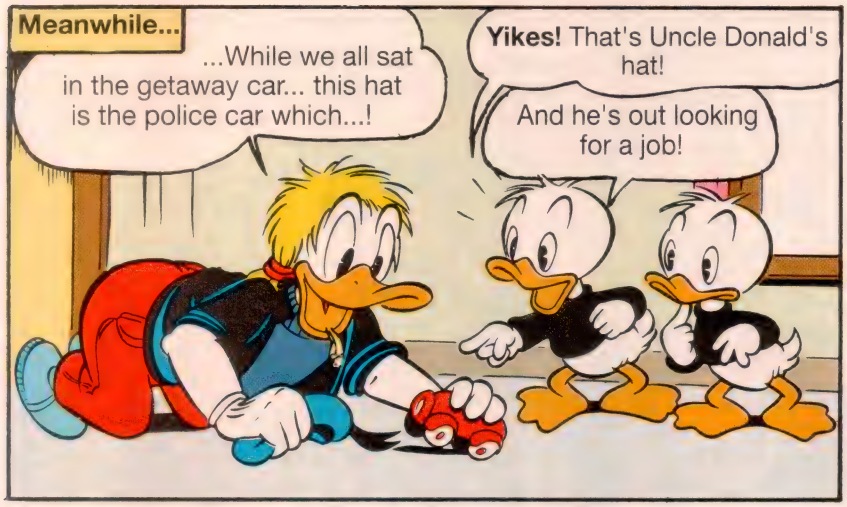
This is the applicant, Mr Goldburger!
(PUFF! PUFF!) You want to work for me?



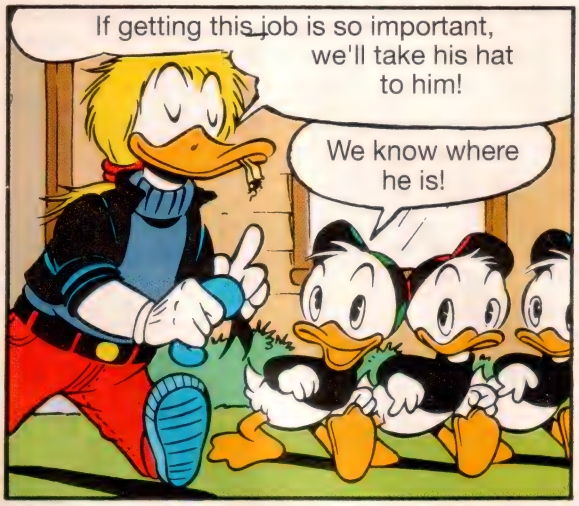
Dad! I haven't had this week's pocket money yet!
Take £10,000 from the safe, Millie!



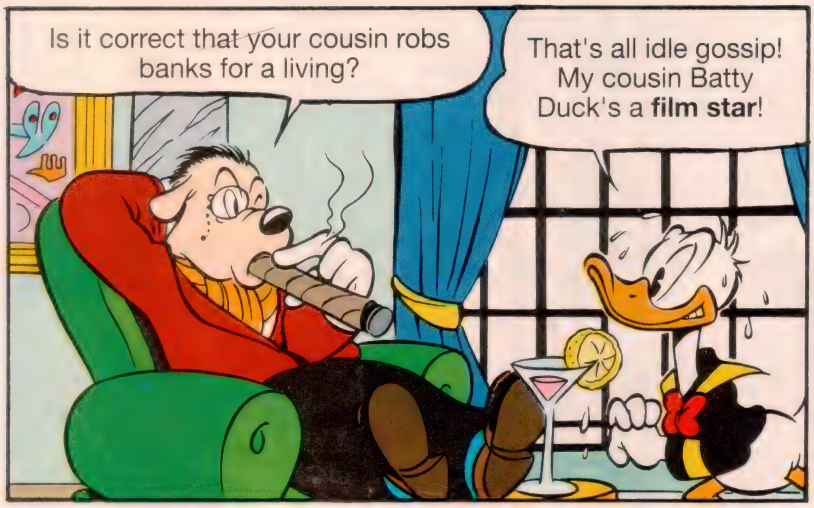
You want to work for me even though I've just read a report about one of your family!
Huey? Dewey? Louie? Grandma Duck?



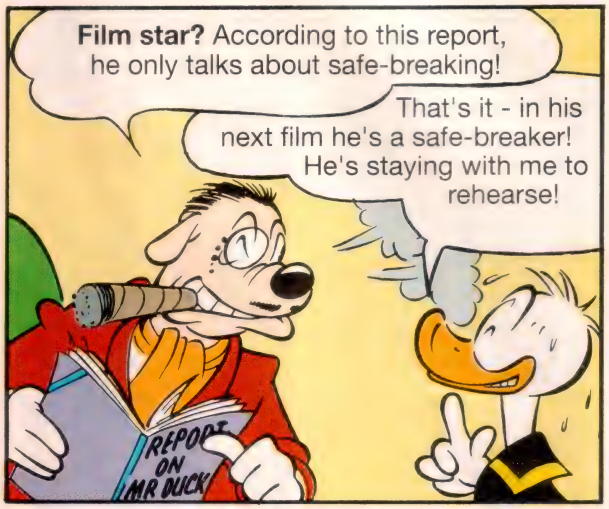
Meanwhile...
...While we all sat in the getaway car... this hat is the police car which...!
Yikes! That's Uncle Donald's hat!
And he's out looking for a job!



If getting this job is so important, we'll take his hat to him!
We know where he is!



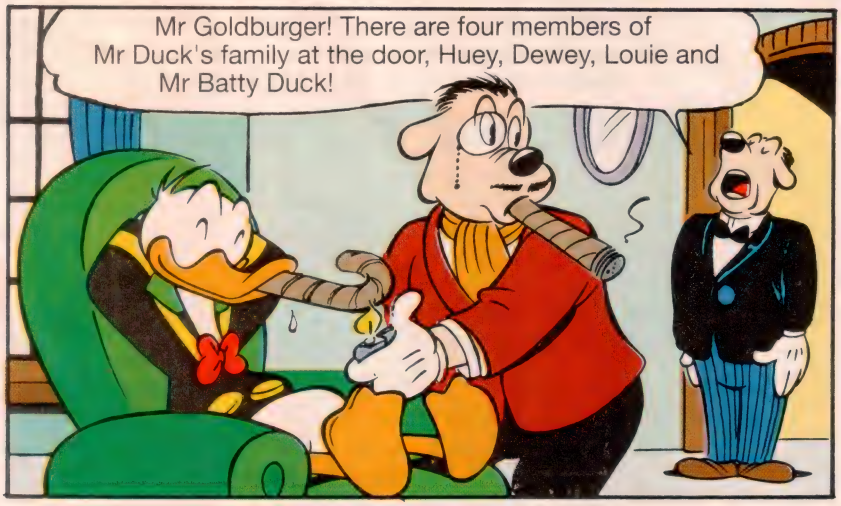
Is it correct that your cousin robs banks for a living?
That's all idle gossip! My cousin Batty Duck's a **film star**!



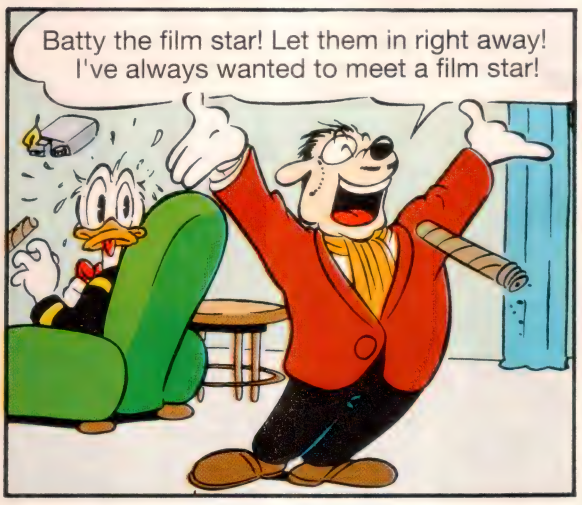
Film star? According to this report, he only talks about safe-breaking!
That's it - in his next film he's a safe-breaker! He's staying with me to rehearse!
REPORT ON MR DUCK

Aha! That changes everything! A real film star in the family? Not a disgrace at all! Quite the opposite in fact!

Listen here! Ball boy is a bit low for your talents! I also need a manager for the swimming pool! How would you like that?



Mr Goldburger! There are four members of Mr Duck's family at the door, Huey, Dewey, Louie and Mr Batty Duck!



Batty the film star! Let them in right away! I've always wanted to meet a film star!

Well, Mr Batty Duck! You really have an exciting job!
Yeah, Batty! Tell Mr Goldburger about your new film where you play a safe-robber!
What? Breaking into safes is no easy job, you know!
HA! HA! He really plays his part well! I'll call my daughter, she loves film stars!
What's doing, cousin? Have you told him I'm a film star?
Yeah! Otherwise I'll never get a job!
Tell him you know nothing about safes! Tell him you act in front of the camera!
OK, Donald! If that helps!
That's strange, I can't find Millie anywhere!
I have a very nice safe myself! Would you like to see it?
Isn't she a beauty?
What is it - an ice box?
No, sir! That's a "Hercules Vesuvius" safe, with concrete doors!
KNOCK! KNOCK!
KNOCK! KNOCK! KNOCK!

What's that?
Someone's inside!
MILLIE!
My little daughter! Something must have happened when she went to get her pocket money!
Quick! We must open the door before she suffocates! The combination? Er...er?
Left 32! Or was it to the right? Left 28! Or was it 82?
CLICK! CLICK! CLICK!
I can't remember! I can't think properly!
Take it easy! Don't your staff know the combination?
CRASH!
You don't think I'd give that information to my staff? Only Millie and I know the combination!
HELLO, MILLIE! CAN YOU HEAR ME? WHAT IS THE COMBINATION?
She can't hear! The door's too thick!

Perhaps we can use a gas burner!
No! It'll get too hot inside!
FIFTY THOUSAND POUNDS TO ANYONE WHO CAN SAVE MY DAUGHTER!
Stand aside!
What...?
Make room... and be very quiet!
Now? I don't think this is the right time to be rehearsing a film!
SHHH..!
But...?
SHHH...!
CLICK, CLICK!
There!
Millie!
Great work, Batty! You're a hero!
PHEW!

It was lucky, really - the same combination I use in the film!
Film? **Rubbish!**
I've found you out! You're a **real** thief!
So what?
Get out of my house, you **villain**!
But what about his reward?
ART
No reward! I won't have criminals in my house!
And what about my job?
No job, either! You ducks can't be trusted! Get out before I set the guards on you!
KICK!
Sorry about your job, Donald!
I wouldn't work for such a miser anyway! He didn't even give you the reward!
THE GOLDBURGER RESIDENCE
313
But his daughter is nicer! She gave me her **pocket money** as a thank-you! **HO! HO!**
And I found out that I can still do my old job **without** having to go to jail!
HA! HA! HA!
HA! HA! HA!

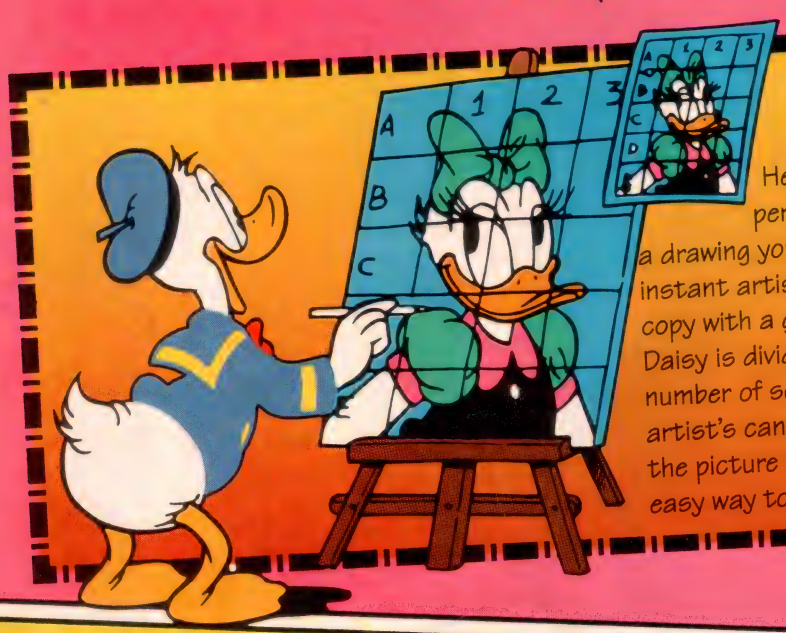
Pencil tricks!

Feeling kinda **BORED?** Then if you have a pencil handy, this page is for you! You can do all sorts of things with a pencil - and here are just three of them to pass the time away between lessons or in the dinner break. So get out a pencil - and get going!

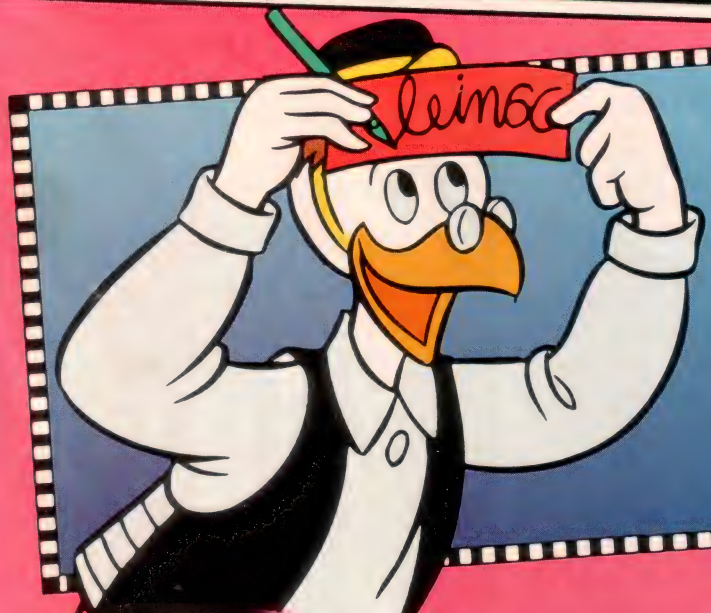


NOW YOU'RE AN INSTANT ARTIST...

Here's a favourite way of making a near-perfect copy, particularly an enlargement of a drawing you like. It's also a way of becoming an instant artist! Just cover the drawing you want to copy with a grid of equal squares - Donald's picture of Daisy is divided into 20 squares. Then put the same number of squares on a blank sheet of paper, or your artist's canvas if you think you're that good, and copy the picture square by square. You'll find that's a really easy way to make a great copy!

... NOW YOU'RE A MAGICIAN!

Now for a trick that'll make you seem like the magic king of the pencil box! Trail a strip of paper off the edge of a smooth table and stand a pencil upright on it. Then draw the paper off the table with a smooth action performed at lightning speed, or, alternatively, strike the paper with your finger, pulling it off the table. The result should be that the pencil remains upright! Tip: Keep the strip of paper short. The longer the distance between the pencil and the end of the paper strip, the harder the trick is to perform.



EASY WAY OF MIRROR WRITING

Hold a sheet of paper in front of your forehead and write your name on the surface that is on the **other side** of your forehead - that is, not the surface facing you. Without even thinking about it, you'll find you've written your name in "mirror writing". That's because we customarily write from left to right, even when the paper is facing away from us!

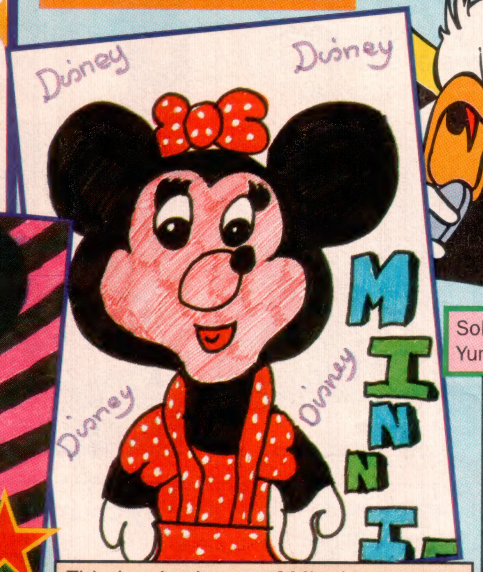
Thanks to **Emma Dixon** of S.Yorks for this poem:

There's a lot to be said for Disney,
He really set the trend,
When he introduced Mickey,
And all his other friends,
From Donald and Daisy,
And Pluto and Minnie too,
But most of all I really love
Good old Uncle Scrooge,
So then I'm looking forward,
To my peaceful weekend,
When I can settle down,
To my Mickey and friends!

Dear Donald,
How can you handle your nephews when they always play tricks on you?
Love from **Christine Walsh.**

Well, Christine, that's easy, my nephews aren't the only ones who can play tricks! I always get my own back! Love Donald.



This lovely picture of Minnie was sent in to us from **Dianne** and **Katherine Faragher** of Cheshire.
